Hi Steve,

Two things on the agenda for today, if you can please respond to all members of the BOE:

- Please add the document for the termination of the employee to the boardbook for the board to review. There is nothing to act upon, we need a document to take action on.
- Please remove the maintenance workers from the personnel report - I sent a separate email regarding the custodian contract / maintenance workers. (3) classified new hires.

Sincerely,  
Kelli MacMillan, Board Member
