Steve,

Please respond to all questions submitted by BOE members. I've reviewed the questions and they seem reasonable, relevant and not time intensive.

Kelli

Members of the board,

Based on the streamlining communications memo, I'm sending the following questions that have been submitted to me today.

Please review the questions and let me know the number of the question(s) you feel should be answered for the board as a whole and provide your response by 7:30 am Tuesday morning. Even if you feel no questions need a response, I would ask for you to send that, as a response. As a reminder, you should only respond back to me.

Thanks,
Steve
