I am good with option 4 and moving the time back. Thank you Eric!

Sincerely,

Lisa Zielinski

Board - LW Central has National Honor Society induction on Wednesday at 6:30. As a result, we will only have 4 board members present at the start of the meeting. I think we have four options. First, keep the meeting start time at 7pm. Second, move the agenda around but board members will either miss discussion or action votes. Third, we could move the date back but I already know of two conflicts. I am sure more would arise as people know to block the third Wednesday off on their calendars. Fourth, we could move the start time back to 7:45. Mark has already gotten confirmation from internal staff and that this option would work.

Do not reply all. Please let me know if you agree with option 4 so we can make the necessary public notices.
