Board - Below is an email sent by [REDACTED] during break. We can certainly review 2:230 during policy review which would address both of her concerns. Any changes would be at the Board's will.

Regards,

Eric

Hello ~

Please share with the other board members these two things:

1. I never signed up to speak at the board meeting on Wednesday. I did not give Jenny Daley my time to speak. I spoke to her after the meeting and asked her why she used me and my name to continue. She said she panicked and that she was frustrated with the woman who previously spoke that said she had someone else's time.

I feel if public comment is to be fair when a speaker wants to use another's "time," then that 2nd person needs to sign up and approach the podium along with the other person... just my suggestion going forward.

2. If we are still talking about being "fair," then when the PTA president was speaking about PTA happenings, they should not be using their time as a segway into a public comment about their feelings from last month's meeting.

Wishing you all a very Merry Christmas. Thank you for all you do for our school district and students.
