Good evening, Mr. Bush

As of right now my thought is to defer the discussion on community engagement to a later date. This has been tabled multiple times by 00st In February to March and then Macmillan in March to April. From what previous board minutes show. In my opinion there is not a clear guideline of what they are looking for in community engagement. And saying a handful of community members have reached out to them personally is not guidance from the community as a whole. Due to the busy months upon us, I suggest we table this till the new year which is in the fall. As always thanks for all you do! Have wonderful evening!

Sincerely,

Mrs. Zielinski

Board - Good morning. Public engagement discussion is on the agenda again for April. If the Board's will is to defer this discussion again, then I would prefer to just take it off the agenda before the meeting as Cathy can circulate an amended agenda Monday morning. If we keep it on the agenda, then we need to determine our process for discussion which we have time to do before Wednesday. Please let me know your thoughts by the end of the day.

I am not aware of any requests for additional items on the agenda.

Regards,

Eric
