We have two carts that should help.

Good morning!

I am working on getting all of the ukuleles in cases (some of them are pretty thin cases, so don't provide much protection at all). We'll be playing them still through next week (5/17). We'll also be playing the drums through 5/17. I don't think any instruments will be played in this room the week of 5/20, and I hope to have all of them ready to move on Monday 5/20. Just let me know where you want them!

I still teach classes that week 7:50-9:15 and 12:15-1:45 on Monday, Tuesday, and Wednesday that week. But, I will have a chunk of time in the late morning where I can move instruments where they need to be.

Mike and Luke - do we have a decent sized flat bed cart that can be used to help move this equipment to where we need it to be to load the trailer?

I can do the morning of the 20th and 21st. I believe Victoria is available then as well. We can probably stage everything on Monday and then load and unload on Tuesday.

Hello Music People!

If I know what day we are doing it, I can drive the trailer over with my truck. I don't trust the custodians to move the instruments. I think we should be the ones doing it. Let me know when is best for the group.

Do you have someone to drive the trailer across town? Otherwise, you can do a request to have the district move them for you.

I think all of the woodwind instruments need to go in for service if Victoria is doing that. The brass instruments would be fine here. Not sure about percussion.

Hi everyone,

I wanted to schedule a day to move the instruments from MJH to MIS due to the AC being down all summer. I know I need to move the cellos and basses and Becca needs to move the ukuleles- are there any band instruments we should move as well?

If possible, I would like to move the instruments on Tuesday, May 21st. I have the day completely free and can help get everything packed up on the marching band trailer.

Please let me know your thoughts when you get the chance,

Vicky
