Erin's Law was passed by the State of Illinois in 2011 and since then schools have been mandated to provide age-appropriate sexual abuse and assault awareness and prevention in grade kindergarten - 12th grade. We will have our presentations next week, Wednesday, March 20. The linked document has more information including a link to the presentation that our students will see. While the state requires schools to present the material, parents have the final decision. The letter also has information regarding how to proceed if you do not wish your child to participate.
