District Equipment Use

The Board believes that although school district equipment is purchased by tax dollars, equipment is primarily purchased to provide for and/or enhance students' educational programs. It is the district's responsibility to protect and maintain this equipment. The district is also responsible for establishing guidelines concerning equipment which may be used by the public and conditions under which it can be used. Equipment will be available only to North Santiam School District community members and school district employees. Authorized use shall be consistent with Oregon Revised Statute Chapter 244.

In all cases of public use, equipment shall not be used for private financial gain. An equipment use form must be submitted and approved. All conditions outlined on the attached district equipment list must be adhered to. There are no equipment-use fees. Maintenance and/or ground equipment may not be used off the district grounds. In the event of "excessive damage," a fee will be determined according to the repair or replacement costs. Transportation of borrowed equipment will be the user's responsibility.
