Guidance Program

The focus of the district's counseling and guidance program is on the developmental needs of all students.

Counselors demonstrate respect for the dignity and worth of each individual and encourage each student to develop individual responsibility and decision making skills. Counselors coordinate the school guidance program and involve all staff members in designing and implementing plans to meet three major goals:

1. Educational Development - Students will participate in planning their educational experiences so that their education is consistent with educational requirements and career aspirations.
2. Personal/Social Development - Students will develop appropriate behaviors for a variety of social settings. Students will develop awareness of self and confidence in their own abilities.
3. Career Development - Students will develop career options consistent with their interests, abilities, and values. Career development includes focus on the four areas of vocation, avocation, family life, and citizenship.
4. Community involvement – Students will demonstrate the importance of making an individual contribution to the community.

The guidance and counseling program assists each student in grades 7-12 in the development and annual review of an educational plan that creates education, career and life goals; and identifies learning goals and activities.

Within the framework of the counseling and guidance goals, specific student and curricular objectives will be developed.

Within the areas of counseling and guidance responsibility, the counselor enters into professional relationships with three segments of the school community: students, school personnel, and parents and guardians. Consistent with the rights of the individual and the obligations of the counselor as a professional, the counseling relationship and resulting information is, in most instances, protected as privileged communications by Oregon law. When appropriate, counselors will be responsible for explaining the ramifications of confidentiality to students.
