

## SIP Progress for the board

Goal 1- I believe that we met this goal due to the PLC training and 15 day challenge completed by almost all HS staff. Math department took it to the next level by dividing classes to be taught by two different instructors to keep the common assessments and PLC work going.

MCA Scores still need work- that is added in as a goal for next year as is better utilization of FastBridge data.

Goal 2- Met

Goal 3- Partially met- Need to work towards the grant goal.

Goal 4- Major work done in this area with CTE possibilities and community member engagement in the classrooms- Partially met

Goal 5- Met
