

Devine Independent School District Board of Trustees Agenda Document

Meeting Date: June 15, 2026

Agenda Item: Addition of Second SRO

Background Information:

The District currently utilizes one School Resource Officer (SRO) through an Interlocal Agreement with the City of Devine. In recent years, school districts have faced increasing expectations to enhance campus safety and security measures in response to evolving threats, state requirements, and community expectations.

The addition of a second SRO would provide increased law enforcement visibility across the District, strengthen emergency preparedness efforts, improve response capabilities, and enhance support for students, staff, and visitors.

Administration and representatives of the Devine Police Department have discussed expanding the SRO program and believe an additional officer would further support the District's commitment to maintaining a safe and secure learning environment.

Administrative Consideration:

Administration recognizes that school safety remains a top priority and that districts must continually evaluate and strengthen security measures to address changing needs and expectations.

The Board is asked to consider approving the addition of a second School Resource Officer from the City of Devine Police Department.

Budgetary Consideration:

See Proposed Interlocal Agreement.

Supporting Documents:

Additional SRO Proposal.
Proposed Interlocal Agreement.

Recommendation:

Approve the assignment of a 2nd SRO.

Respectfully Submitted by:

Dr. Todd Grandjean
Superintendent of Schools
