

Stillman Valley High School Agriculture

Agritourism Trip 2027

Oahu, Hawaii

ON TOUR SUPPORT!

Dedicated Tour Manager

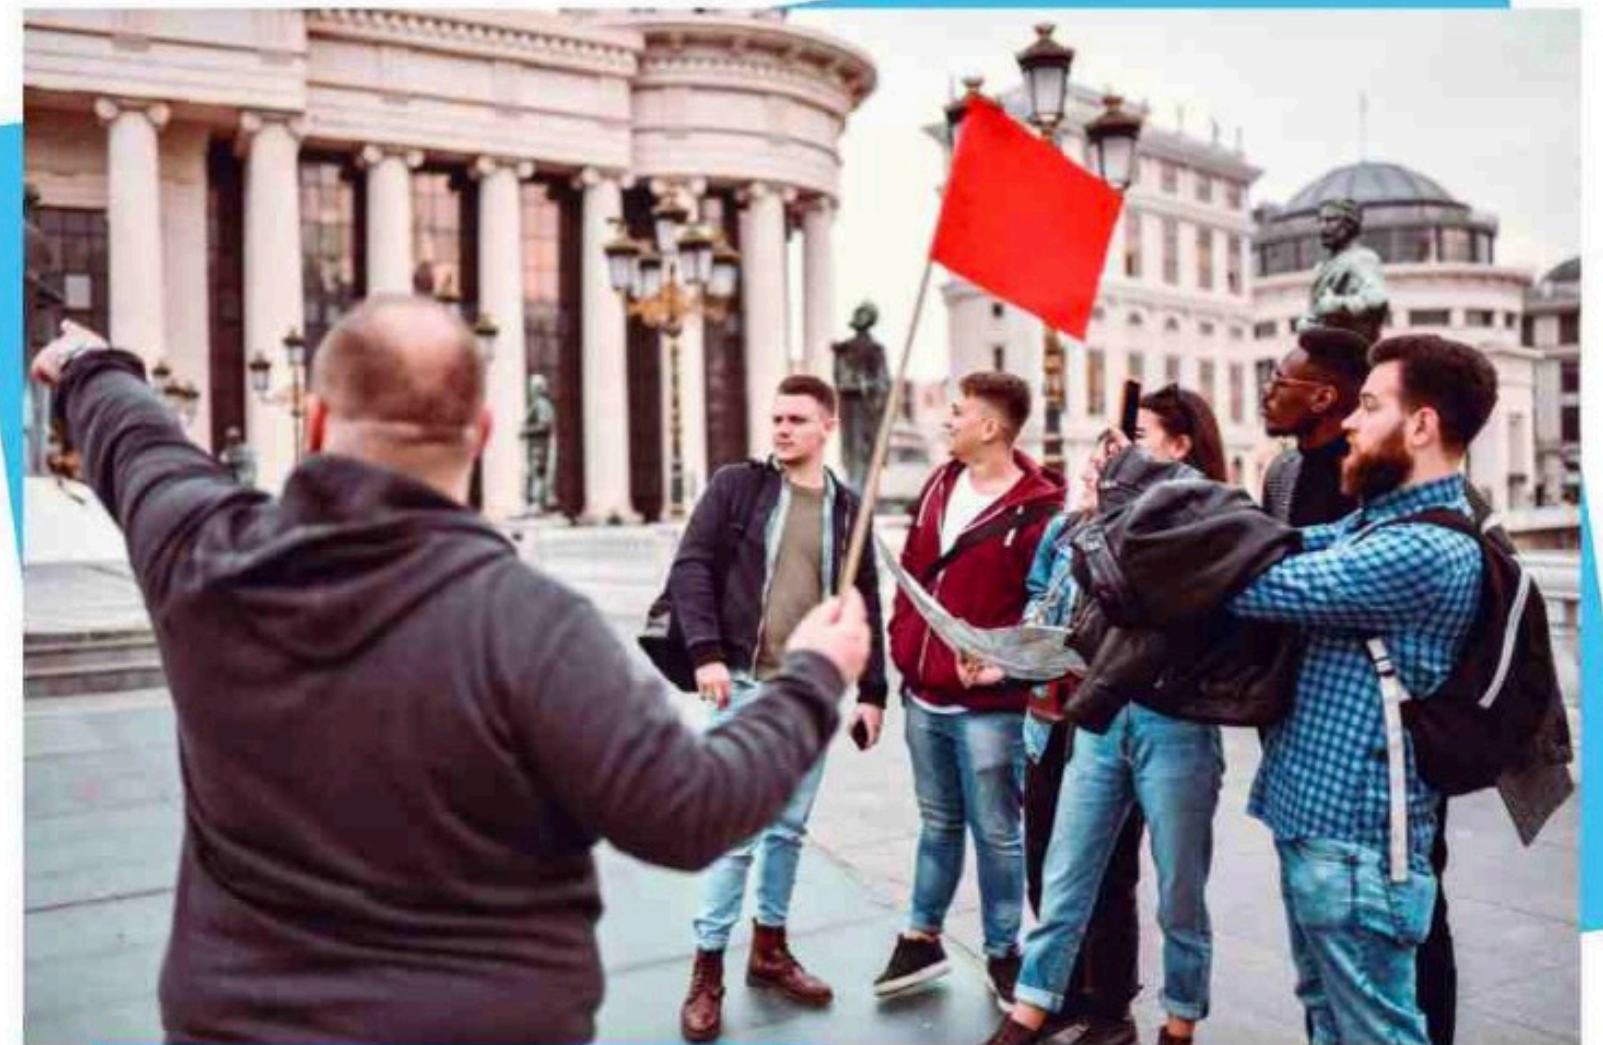

Tour Manager who is with your group from the moment you arrive to the moment you say goodbye—so you always have support with your group. Our Tour Managers are experts on the destinations they serve, and will ensure your group has an incredible trip! And the best part is they will handle just about all of the logistics and details—even if things shift—so that you can enjoy your time with the group.

24/7 live support on-tour

Travel can be unpredictable and sometimes there are delays or unforeseen circumstances that can be stressful. We offer a live team of real humans who are available 24/7 for our groups on tour should unexpected circumstances arise.

Optional Dedicated security for the group

As an additional layer of peace-of mind, many of our middle school groups have an added security at the hotel overnight so chaperones can rest easy while uniformed guards ensure students remain in their room.

DAY 1

- Travel
- Meet tour manager
- Dinner

Goals of the trip:

- **Agricultural Literacy & Awareness**
- **Career Exploration & Readiness**
- **Leadership & Personal Growth**
- **Cultural Awareness & Global Perspective**

FFA Moto:

Learning to Do, Doing to Learn, Earning to Live, Living to Serve

Funding

While ultimately students will be in charge of funding their own travel, our goal is to provide them with at least 2 separate fundraising opportunities to offset the cost of the trip.

Students will also be offered a payment plan through ETA

Student Perspectives

- **Independence**
- **Budgeting Skills**
- **Time Management**
- **Social expectations in public spaces/Self-Awareness**
- **New experiences (first time on a plane, etc.)**
