Facility Committee/Junior High School Task Force Junior High RFQ - Boiler

Background:

The Facility Committee discussed the Architect West RFQ at its meeting on Wednesday, May 13, 2026. After a board discussion of issues to move forward, it was the view of the committee to support investigation of heating to the building by starting with the boiler system. The scope of the RFQ was reduced because Task Force members believed with the boiler issue resolved, the building came closer to moving students back to resume education in the building.

Recommendation:

The District pursue investigation the repair/replacement of the boiler system. The estimated cost would be around \$15,000. There was recognition electrical engineering may be a part of this phase of the project.

- \$10,000 - Mechanical Engineering
- \$3,000 - Electrical Engineering

HB521 Funds would be utilized to support this effort.
