## BACKGROUND INFORMATION

Argyle Legacy High School is scheduled to open to students zoned for that campus in the 2027–2028 school year.

In October, Argyle ISD Administration held a parent information meeting for families residing within the Argyle Legacy High School attendance zone. During that meeting, administration presented several potential scenarios regarding the opening configuration of the campus and outlined considerations related to enrollment growth, grade-level alignment, staffing, programming, and facilities planning.

This agenda item serves as an update to the Board of Trustees and the community regarding the data collection and recommendation for the opening of Argyle Legacy High School.
