## SECTION 2 - BOARD OF EDUCATION

### **2:150 Committees**

The Board of Education may establish committees to assist with the Board's governance function and, in some situations, to comply with State law requirements. These committees are known as Board committees and report directly to the Board. Committee members may include both Board members and non-Board members depending on the committee's purpose. The Board President makes all Board committee appointments unless specifically stated otherwise. Board committee meetings shall comply with the Open Meetings Act. A Board committee may not take final action on behalf of the Board - it may only make recommendations to the Board.

#### Special Board Committees

A special committee may be created for specific purposes or to investigate special issues. A special committee is automatically dissolved after presenting its final report to the Board or at the Board's discretion.

#### Standing Board Committees

A standing committee is created for an indefinite term although its members will fluctuate. Standing committees are:

1. Board Policy Committee. This committee researches policy issues, and provides information and recommendations to the Board.
2. Finance Committee. This committee reviews the school district budget, employee salary considerations, and monitors investments.
3. Facilities Committee. This committee reviews the maintenance, capital improvements of, and usage of the school district's facilities.
4. Student Achievement Committee. This committee reviews the district goals, strategies, and progress toward increasing student achievement.

#### School District Committees

A school district committee is created for an indefinite term, although its members will fluctuate. District committees may include, but are not limited to:

1. Curriculum Committees.
2. Technology Committee.

3. Student Handbook Committee. In accordance with Board Policy 7:190, this committee assists in the development of student behavior policy and procedure and provides information and recommendations to the Board. Its members are parents/guardians and teachers, and may include persons whose expertise or experience is needed. The committee reviews such issues as administering medication in the schools, reciprocal reporting between the School District and local law enforcement agencies regarding criminal and civil offenses committed by students, student discipline, disruptive classroom behavior, school bus safety procedures, and the dissemination of student conduct information.
4. Behavioral Interventions Committee. This committee develops and monitors procedures for using behavioral interventions in accordance with Board Policy 7:230, *Misconduct by Students with Disabilities*, and provides information and recommendations to the Board.

Nothing in this policy limits the authority of the Superintendent or designee to create and use committees that report to him or her or to other staff members.
