 RE: Student Registration and Lunch Fees

The majority of registration fees remained the same, minus the increase to the School Experiences fund to assist with Field Trips and the recommendation to make the Student Clubs/Activity Fee required for Middle School students. We offer so much for students to be involved in after school besides sports. Most students take part in something. It is hard to track who stayed after and who didn't sometimes, as they move between clubs, thus the activity/club fee of \$25 will be required. The only other change is cleaning up the language a bit to help bring clarity for parents.
