
MEMO

TO: BOARD OF EDUCATION
FROM: RYAN PEYTON, SUPERINTENDENT
DATE: JULY 2026
RE: SUPERINTENDENT'S REPORT

I hope you are all having a great summer break! Right now, our team is working hard to get our schools ready for another fantastic year. As we approach a new school year at Blue Ridge Schools, we invite our families to become or continue being an active partner in your child's education, as your ongoing involvement and support are the absolute greatest tools for their success. Whether you are staying in close contact with teachers, volunteering at events, or simply talking about the school day at home, your engaged presence shows your student that their education matters. When our families and schools work hand-in-hand, we create a powerful network that helps our Blue Ridge Knights truly thrive both inside and outside the classroom.

Here is a quick look at some upcoming dates and student health reminders.

Important Upcoming Dates

We want to make sure our families are ready for the first day of school. Here are the big events coming up:

- **Online and In Person Registration:** Online registration opens August 3rd. We will send a message to all families with easy, step-by-step instructions on how to sign up online. Pre-K, Kindergarten, and all new students to the district will register in person on August 6th.
- **First Knight:** We are planning our annual "First Knight" welcome event! This is a great chance for students to see the school, find their classrooms, and get excited for day one. Schneider Elementary and Blue Ridge High School First Knight will be Monday, August 17th and Blue Ridge Intermediate and Junior High will host families on Tuesday, August 18th.
- **New 2026-2027 Calendar:** The new school calendar will be posted on our website soon. Parents can check it out now to see holidays, breaks, and early release days. You can also click [here](#) to access the calendar.

Reminder: Physicals and Immunizations

We need every student to be ready to learn on day one without any delays.

Important Note for Parents: Please schedule and finish all required school physicals and immunizations right away. Getting these done now means your child won't miss the exciting first days of school!

[Here](#) is a letter with specific details regarding physical and immunization requirements.

Thank you for everything you do to help our students and schools!
