RE: Recommendation for Hire

Interviews were conducted in March in an attempt to fill an open paraprofessional position in the district.

I am pleased to bring forward **MS. PEARL DYE** for hire. Pearl has strong references and a desire for both education and support of students.

She will fill a need for ongoing coverage for the remainder of the 2020-21 school year, and will step into formal, more permanent employment in the fall, replacing an open paraprofessional position. Her start date is immediate, pending background clearance and the completion of the onboarding process.

Thank you for your consideration.
