Background Information:

In the State Board of Education's 19 Texas Administrative Code 1929.21(k)(1) rules, requirements for Student Attendance Accounting for State Funding Purposes allow public school students to be considered "in attendance" when participating in off-campus activities with an adjunct staff member of the school district. Therefore, each year the Board approves eligible County Extension Agents as adjunct staff members for this purpose. Attached is the adjunct faculty agreement from the Texas Agrilife Extension Service for the following individuals who qualify for the 2026-2027 school year:
