Emergency Notification

The Informacast emergency alert system is now active in all KRESA buildings. Staff can quickly send alerts to everyone using phones or laptops, which are instantly broadcast via paging, clock displays, and staff devices.

Valley Center Summer Improvement Projects

In collaboration with Kalamazoo Public Schools, Valley Center School will undergo significant facility improvements commencing June 10th. A secure vestibule will be constructed to enhance building security. Classroom upgrades include the installation of new windows and cooling units. Exterior enhancements feature playground improvements such as a new play set, swings, and additional seating. The basketball court will also be repaved and marked for pickleball and foursquare. KRESA's Special Education capital budget will contribute up to \$100,000 towards playground improvements.

Action Items: None (KPS will procure the work and equipment for Valley Center)

Fiscal Impact: Up to \$100,000
