Re: High School Report

We had a great start to the year! Our workshop week was productive, the professional development was well organized, and the content collaboration was a great opportunity for the teachers to work on vertical alignment between the MS/HS. I was also able to meet with the BLT and Advisory committees to solidify our plans for the year ahead of that so we could share them with staff.

The first day of school was such a positive start, the music coming in (thanks Wyatt!), the staff showcase, and the general positivity in the halls and classrooms was such a great feeling. We have been conducting policy review by grade level during advisory and will be finished with that on Monday.

The new cell phone policy seems to be going well, teachers have been including me on communications home when the reminder is needed. The consistency has been great so far. Our new staff are settling in nicely and have been such fantastic additions to the team.

We are looking forward to positive and productive year!

Respectfully,  
Dr. Stephanie Kuehn
