Subject: Board Approval - Change Course

Course Request Change

Proposal:

We would like to change the Physical Education (PE 9) from a required class just for 9<sup>th</sup> grade students to Physical Education open to 9-12. We would still require the class for graduation requirements, and it would be a pre-requisite that students will need to take prior to completing another course, i.e. Lifetime Fitness, Strength and Conditioning, and Individual & Team Sports.

Rational:

If we are able to change this course requirements, it will open up more opportunities for the 9<sup>th</sup> grade students and could help alleviate scheduling issues for teachers and students alike.

Thank you Nate for working on this for me. The sooner the better for me to get my Registration Guide done for the students and registration.

Thanks,

Noel
