

# Geneva Community Unit School District 304

## Office of Learning & Teaching

**TO:** Dr. Barrett, Board of Education  
**FROM:** Shonette Sims  
**RE:** Curriculum Resource and Textbook Adoption Proposals for 2026-2027  
**DATE:** June 15, 2026

---

We are seeking approval for the adoption of HMH English 3D instructional materials for use in our Multilingual Transitional Program of Instruction (TPI) classrooms. These materials will be used to ensure that our students eligible for English language learning services have the opportunity to read, write, listen, and speak in English during their TPI classes. Such curriculum was identified in our audit last spring. Our students were historically provided the opportunity to practice the four domains of language acquisition with their core curriculum materials without a specific and specialized curriculum, but this was not deemed to be a strong enough instructional practice. Therefore, a specific and specialized TPI curriculum was one of our remediations.

Resource materials will be on display as outlined in the school board policy at CESC 227 N. 4<sup>th</sup> Street, Geneva.

We will return to a future meeting seeking formal adoption approval of these materials and resources.
