

## BOARD REPORT

### TECHNOLOGY

June 2026

I am working on moving teachers around and adding new teachers. I'm also putting all the classrooms back together.

I am adding a Promethean board and computer in the TSC.

I am doing updates and scans on teacher computers to get them ready for next year. Computers are being replaced as needed.

I am installing new firmware on Cisco switches and making them managed to help detect storms and loops.

I am adding battery backups where needed.

I am installing updates on the server.

I am updating firmware on video surveillance camera software.

I am preparing new chrome books for incoming Freshman.

I am putting high end access points in the big gym and cafeteria.

I have started going through the phone list and server login list to delete the employees that are no longer here and adding the new ones.

A lot of projects are getting done this summer.
