

May 2026–District Technology Update

The May update is much the same as the past few months.

Driftwood Readerboard is fixed and updating regularly now. Making a plan to get PHS fixed as well!

The Connected Seniors program has 2 weeks left, the students and the seniors are enjoying it greatly and are looking forward to their graduation on the 29th!

We are still working with Justin from the ESD to work on getting our PACE Requirements met so that we can renew our cybersecurity insurance with them.

Justin and I have cleaned up the server room and there is one last extension cord that needs to be moved and we will have met our safety standards.

Working with InTouch to implement their purchasing program (Credit Card Readers) into our Schools Technology Environment.

Working with Meal Time to implement their program into our Schools Technology Environment.
