FES July 2026 School Board Update

Staffing for the 2026-2027 School Year

Preparing for the upcoming school year involves reaching a major summer milestone: we are currently fully staffed, with the sole exception of EA hiring. Recruiting and onboarding new personnel is a process focused on finding candidates who are an excellent fit and ensuring they have a strong start in their roles. This critical work is always a collaborative team effort, driven by a common goal of attracting the best possible staff and supporting their success once they join us.

Student Placement Parent Notification

Foley Elementary will email families in early August with information to help them prepare for the upcoming school year. The mailing will include a welcome letter from me, classroom placement information, and a welcome letter from each student's classroom teacher. This communication serves as families' introduction to the new school year and provides important information to support a smooth start.

Cafeteria Refresh Project

Work continues on a much-needed refresh of the elementary cafeteria this summer. Painting is nearly complete, and installation of new flooring is scheduled to begin next week. The foldable partition wall has also been removed, creating additional floor space and improving the functionality of the cafeteria. To complete the project, new cafeteria tables are on order. The updated paint, flooring, and tables will all feature Foley school colors, creating a bright, welcoming space for students.
