6. Old or Unfinished Business
 - 6.1. RFP for Before & After School Care
S. Strasser reported on the information session held with action program staff on March 24th. S. Strasser and T. Stahl attended the WAWM PTA Council meeting on April 8th to share information on the RFP, reasoning, process and timeline with representatives from elementary school PTA groups. Feedback from parents in attendance was favorable of the current action programs. One parent rep offered to help as they have experience in child care. The RFP submission deadline was Friday, April 17th. The district received four proposals. S. Strasser will be working with her team to create a timeline and a comprehensive team for review of the RFPs. Strategies were shared with district administration to help remedy the current challenges and those options are being explored for the 2026-2027 school year. The annual parent and staff action survey is going out the week of April 27th. Data gathered from the surveys will help shape decisions moving forward. Given the time the RFP process and any change would take, the plan is for the recreation department to offer the action programs at all nine elementary schools for the 2026-2027 school year.
 - 6.2. High School Athletics End of Year Satisfaction Survey
An email notification is being sent to parents and student athletes the week of April 20th informing them of the survey and the process. The survey will be emailed out by School Perceptions on April 27th with a unique link. The survey window is April 27th - May 8th, with a reminder email being sent out halfway through. The survey results will be incorporated into the athletics workshop this summer.
