GiveBacks FundRaiser- Aztec Athletics Department

The title is used to identify the submission for both submitters and reviewers. Choose something specific but brief.

Requesting Organization: *

Aztec Athletics Department

Indicate Type of Organization:

School Organization

Booster Club

Description of Fundraiser: (Be Specific): *

Aztec High School and Koogler Middle School Athletics request approval to conduct a department-wide athletic fundraiser through GiveBacks. This fundraiser will include participation from all AHS and KMS athletic programs and will be organized in multiple phases using approved digital fundraising options such as online donations, team fundraising campaigns, event or item-based sales, and other fundraising tools available through the GiveBacks platform.

GiveBacks provides a digital platform designed to support schools, booster organizations, PTO/PTA groups, and nonprofit organizations with fundraising, payments, reporting, and organizational management. The platform allows supporters to contribute online and provides tools for tracking donations, purchases, campaigns, and participant activity. Using GiveBacks will allow Aztec Athletics to create a more consistent, transparent, and manageable fundraising process across all athletic programs.

Fundraiser Structure

The fundraiser will take place in several phases so that athletic programs can raise money in an organized, consistent, and equitable manner. All AHS and KMS sports will participate. Money raised by a student-athlete or family will be credited to the sport that is currently in season and in which that student-athlete is actively participating.

The fundraiser may include the following GiveBacks options, depending on the final setup approved by the Athletic Department and district finance procedures:

Online Direct Donation Fundraiser

Participants may share an online donation link with family, friends, and community supporters through email, text message, QR code, and social media. Supporters may contribute directly through the GiveBacks platform. The platform will allow the Athletic Department to track donations by campaign, team, and participant when applicable.

Team or Program-Based Fundraising Campaigns

Athletic programs may participate in organized digital campaigns through GiveBacks. These campaigns may include team pages, participant-level tracking, fundraising goals, and online sharing tools. This structure will allow programs to raise money while maintaining department-level oversight and consistent expectations.

Digital Store, Event, or Item-Based Sales

If appropriate and approved, the Athletic Department may also use GiveBacks for digital store items, event-related sales, spirit items, or other approved fundraising products. Any item-based or product-based fundraiser will be reviewed before launch to ensure that it aligns with district financial procedures, school activity fund requirements, and the needs of the athletic programs.

Revenue and Fee Structure

Unlike a traditional fundraising company that uses fixed revenue splits for each product or campaign type, GiveBacks uses platform and payment-processing fee structures based on the selected fundraising option. Final net proceeds may vary depending on the type of fundraiser, selected pricing model, payment-processing fees, and whether fees are absorbed by the organization, passed on to the donor, or handled through another approved method.

In addition, the AHS and KMS Athletic Department will retain 10% of net proceeds from the fundraiser. This 10% will support department-wide athletic operations, shared athletic needs, administrative support, and overall program sustainability.

After applicable GiveBacks fees, payment-processing fees, cost of goods when applicable, and the 10% athletic department allocation, the remaining funds will be credited to the appropriate in-season sport based on the student-athlete or family responsible for raising the funds.

Oversight and Accountability

The Athletic Department will coordinate the fundraiser in partnership with GiveBacks and will monitor participation, proceeds, and allocation of funds. GiveBacks provides digital tracking and reporting tools that will help the Athletic Department review money raised by campaign, participant, team, and fundraising phase when applicable.

All funds will be handled in accordance with district financial procedures, school activity fund requirements, and applicable fundraising guidelines. The Athletic Department will work with coaches to ensure that families understand the fundraiser, how fees and proceeds are handled, and how funds will be allocated to each sport.

Summary

Approval of this fundraiser will allow AHS and KMS Athletics to use GiveBacks as a department-wide fundraising platform to support student-athletes, teams, and shared athletic department needs. The structure provides flexibility for different fundraising phases while maintaining district oversight, transparent reporting, and consistent allocation of proceeds.

Description of Intended Use of Profits: (List Each Item and Estimated Cost) *

Team equipment and supplies
Uniform needs
Travel-related expenses
Tournament and event costs
Student-athlete support
Program development
Shared athletic department needs
Technology, software, or administrative tools that support athletic operations
Facility-related needs connected to athletic programs, when allowable

Date of Fundraiser: *

 July 15, 2026
