Final Exams

Students completed their semester two final exams on May 18th-20th. 97% of students passed their second semester courses. All grades have been entered and finalized for the 2025-2026 school year. Any students that did not receive a passing grade in their courses were notified and summer school information was shared with students and parents/guardians. The chart below shows the percentage of student grades by grade level.

MCHS Semester 2 Grades by Grade Level
