Re: Approve White Paper and Cardstock Paper Bid

Recommendation:

It is the recommendation of the Superintendent to approve the paper bid from Midland Paper for the cost of \$6564.50.

Background Information:

In order to reduce costs each year, we do a shared paper bid with Benjamin School District 25 and West Chicago School District 33. The costs of this bid have increased due to inflation, bringing it over the \$5,000 level requiring approval. As such, we are presenting this and the color paper to the Board for approval.
