

TO: Board of Education

FROM: Dave Bernhardson, Superintendent

DATE: Monday, July 13, 2026

AGENDA: Action Item

RE: Capital Projects Levy Review and Comment

## **REPORT**

ISD 199 intends to pursue a Capital Projects Levy ballot election question on November 3, 2026. A voter approved Capital Projects Levy provides the district with revenue to maintain a replacement cycle of capital items. The money raised by this authorization will provide funds for the following:

- Access to digital content
- Vocational and technical tools
- Computers
- Software
- Classroom furnishings
- Large musical instruments
- Textbook and curriculum materials

The Minnesota Department of Education (MDE) requires a submission of a Review and Comment and provides approval prior to the election. The submission must have school board approval and is timely in order to provide MDE with adequate time for review in advance of the November election.

## **RECOMMENDATION**

For the board of education to approve the Capital Projects Levy Review and Comment.
