### Elementary Touchpoints

#### December Board Meeting, 2023

November hosted conferences, our annual fundraiser event and our first music concert.

Conferences were well attended, and we were near 100% attendance/contact with families. Our next formal conference opportunities with families are February 8 and 9.

Our fundraiser with Apex was very successful and concluded with our run at each campus—November 30 and December 1. Collectively the elementary buildings raised approx. \$28,000, which are earmarked for school field trips, events, speakers, and opportunities to enhance/extend learning experiences both on and off school campuses. In addition to these targeted spots for funding, we are earmarking a portion of these collected funds for playground improvements.

Winsted's 3<sup>rd</sup> and 4<sup>th</sup> graders shared their musical talents under the direction of Jana LeClaire. It was a delightful show that kicked off the holiday season. Congratulations to these young & talented voices, as well as Mrs. LeClaire for a great program.

December events include a few partnership experiences between HS and elementary students (Mentor groups, Creative Writing Class, etc), Humphrey's rollerskating unit, and other creative & seasonal experiences.

We continue to see a need for student support due to both continued enrollment and newly qualified needs. Our current staffing is still limited in comparison to what is necessary to support and a separate proposal will be provided to the board to address the additional need.

Respectfully submitted—

Jen Olson
