Inspiring minds. Shaping lives.

**Northbrook Middle School Closure  
and Related Boundary Adjustments  
2026-2027**

# Purpose

**To provide an overview of SBISD Administration's recommendation to close Northbrook Middle School, beginning with the 2026-2027 school year.**

- Together with related boundary shifts, this recommendation would enable the district to serve students at three rather than four middle schools within the Spring Woods and Northbrook High School feeder patterns.
- With more balanced, larger student enrollments at Spring Oaks, Spring Woods and Landrum Middle Schools, the district would be better equipped to provide the programming, academic and administrative supports and operational efficiencies in support of Every Child.

# Northbrook Middle Closure and Related Boundary Adjustment

This presentation will include:

- Current Northbrook Middle School (NMS) Boundary
- Proposed redistribution of NMS attendance zone to three middle schools:
  - Spring Oaks Middle (SOMS)
  - Spring Woods Middle\* (SWMS)
  - Landrum Middle (LMS)
- Recommendation
- Discussion/Questions

***\*This recommendation also includes a boundary adjustment for a portion of SWMS attendance zone.***
