

Neah-Kah-Nie School District Volunteers of the Month

NKN HS staff would like to recognize our two football coaches, Chris Bennett and Clayton Hall for their volunteer service.

These guys came in to open up the weight room and supervise summer conditioning 4 days per week all summer long for our athletes. Creating a healthy, safe summer activity that sets students up for success both in summer and during the school year is highly commendable.

It was a significant donation of time and these guys deserve recognition for their generosity.

We would also like to thank them for doing what it takes to create a competitive program, a culture of dedication and pride.

Thanks Coaches Bennett and Hall for your leadership and service!
