Summary:

The Child Nutrition Department recommends modest paid meal price increases for the 2026-2027 school year. The recommendation is based on rising food, labor, supply, and operating costs; federal Paid Lunch Equity guidance; area district meal price comparisons; and the need to maintain long-term financial sustainability while continuing to provide high quality meals students enjoy.

Administrative Recommendation:

I move to approve the proposed meal prices for the 2026-2027 school year as presented.
