Background Information:

Manor ISD's current strategic plan was developed in 2020 by a group of stakeholders, and the plan outlined the six goals that currently guide our work and detailed action steps for each department; this current strategic plan is set to expire in December 2026. To prepare for the next five years, January 2026, the Board of Trustees, district administration, staff, community, and students (70+) engaged in the strategic planning process to refresh the district's vision, mission, and goals. The district's strategic plan communicates what the district values, its goals, and what students and families can expect from the district.

Tonight, community members, students, and staff will present their work to the board for consideration as it adopts its goals.

Fiscal Implications:

~\$30,000

Administrative Recommendation:

Approve the strategic plan and goals.

Motion Language:

I move that the board approve the strategic plan and goals as presented and allow administration the authority to make technical and linguistic updates to reflect what the data tells us that students and staff need.
