SUBJECT: Revised Policy 5400 Restraint and Seclusion on a second read

Policy 5400 Restraint and seclusion has been revised to clarify how and where seclusion spaces may be designated and used in the District. This update specifies that the District, not individual schools, has sole authority to designate spaces for seclusion to schools that have approved special classes. There has been no additional feedback since the first read. The Legal Department is seeking Board approval of this policy on a second read.
