RE: Recommendation for General Contractor on LCISD Elementary School #41

Kevin,

Along with representatives from Lamar CISD, we have completed the evaluation of the proposals received for Prototype 4, Elementary School #41 in Emberly. Seven general contractors submitted proposals on Tuesday, February 24, 2026. Each contractor was assessed based on the district's submission requirements outlined in the specifications.

After conducting an objective evaluation, we have determined that Drymalla Construction offers the best value for Lamar CISD regarding Prototype 4, Elementary School #41. We recommend that the district award the project to Drymalla Construction and look forward to collaborating with them on this important and challenging project.
