Board Salute

Afreen Syeda - D33

Submitted by: Sam Battaglia

Afreen is currently serving as a substitute in our district. She has consistently supported our students and staff for many years. Recently, she was asked to cover an unforeseen absence for an extended period of time. She did not hesitate and made the transition seamless. The students and staff did not skip a beat, and they have truly enjoyed having her as part of their team. She is committed to providing students with the best learning opportunities possible, and we are lucky to have her.
