SCHOOL SONG

"Notre Dame Victory March"

Cheer, Cheer, for Old Maple Lake

Shake down the echoes, for praise to make.

Roll the volley, yell on high

Shake down the thunder from the sky.

What though the odds be so great or small.

Old Maple Lake will win over all.

As her loyal students march onward to victory.

ABSENCE ON THE DAY OF AN EXTRA-CURRICULAR ACTIVITY

Regular school attendance is expected of all students who participate in extracurricular activities. Students must attend school in order to be eligible to practice, rehearse, compete, perform, or participate in any extracurricular activity on that day.

To be eligible for participation, a student must:

- Be in attendance by 12:00 p.m. (noon) on the day of the activity; or
- Students whose schedules end before noon (e.g., students with early release, cancelled WTC classes, or PSEO schedules) must attend all classes for which they are scheduled that day.

Students who are absent for any part of their scheduled school day without an approved excuse are ineligible to participate in extracurricular activities that day unless an exception is approved by the principal, activities director, or designee.

Students who do not meet these attendance requirements are not eligible to participate in any practice, rehearsal, contest, performance, meeting, or other extracurricular activity that day.

Exceptions may be granted by the principal, activities director, or designee for absences related to school-sponsored activities, medical appointments, funerals, court appearances, religious observances, college visits, or other circumstances approved in advance. Documentation may be required.

Failure to comply with this attendance requirement will result in the student being ineligible to participate in extracurricular activities for that day.

ACTIVITY REGULATIONS

Students who participate in school-sponsored activities are expected to represent responsibly the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline. Parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Maple Lake School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer as applicable.

All co-curricular and extra-curricular activities use the High School League conduct rules as guidelines. Any tobacco/alcohol/drug activity or illegal activity results in a minimum of a two-week suspension from any school sponsored activities. Students have the opportunity to appeal a local decision. For specific rules and information, see the Activities Director or your activity advisor.

ADVANCE MAKE-UP SLIPS

If you are going to be absent for any reason, including field trips, you are to get an advance make-up slip from the General Office. Take this make-up slip to each of your teachers for the assignments. Make-up slips for field trips must be turned into the office prior to the field trip or the day will count as an absence. Activity advance make-up slips must be completed prior to being excused for the event; if not, consequences will be given by the office.

ARTIFICIAL INTELLIGENCE

Maple Lake High School AI use guidelines are meant to provide clarity and common terminology for AI usage with academic work. Any work created or significantly altered with AI that is submitted as the student's own original work or without proper citation falls under building policy for Cheating / Plagiarism.

AI Free	AI Assisted	AI Empowered
Student does not use AI in order to show their skills and understanding	Student uses AI for tasks unrelated to assessed skill or as a support	Student uses AI for skill replacement and enrichment
We value authentic skill development and building connections through working on your own and with others.	We value student independence and original thinking with AI as a supportive tool, not a replacement for your thinking.	We value extending knowledge acquisition and skill development opportunities for all students beyond what you already know and can do.
<u>Examples</u> • All ideas must be your own • Reflect students understanding • Summative assessments	<u>Examples</u> • Checking for spelling/ grammar mistakes • Generate ideas • Make outlines • Getting feedback • Formative assessments	<u>Examples</u> • Creating practice questions/study materials • Generating responses • Summarizing text • Formative assessments

ATHLETIC TICKETS

Season passes or multiple use tickets may be purchased from the Athletic Department. Ticket prices for the 2026-2027 school year are \$8.00 for adults, non-Maple Lake Public School students \$6.00. Maple Lake students have free admission with a valid student ID. A pass good for fifteen games will sell for \$90.00 for adults and \$45.00 for senior citizens.

ATTENDANCE POLICY

In accordance with the Minnesota Compulsory Instruction Law, Minnesota Statutes, section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from

attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

Members of the school board, administration and faculty of Maple Lake High School believe that regular school attendance and class participation is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.

- (1) A parent or guardian must notify the school when a student will be absent via phone or send a signed note indicating the reason for the absence. **Failure to provide a reason by the parent(s) for the absence within three days of the absence will result in the absence being entered as unexcused.** (See consequences for unexcused.)
- (2) The student is to report to the General Office for a pass to class upon his/her return to school. The student is responsible for making up all work missed while he/she is absent according to teacher policy. Any work not completed within the time period may result in "no credit" for the missed assignments.
- (3) Before a student leaves the building during the school day, he/she must get a permit from the office. Students are to take care of this before school when possible. Unless permission is expressly granted and the student receives a permit, it will be considered an unexcused absence.
- (4) A student is permitted, with consent from parents or guardians, **not more than five absences from any class during a quarter.** Upon reaching the sixth absence, the student may fail that class for the quarter depending on the decision of a review committee. School initiated or sponsored activities and religious release are exempt from and will not be counted toward the total of five absences. **Extenuating circumstances may be given consideration by a review committee consisting of representatives from the school board and administration.**
- (5) **Excused absences** as dictated by state statute will be granted for the following reasons:
 - Illness of the student. *
 - Serious illness in the student's immediate family.
 - A death in the student's family or of a close relative or friend.
 - Official school field trip or other school sponsored outing.
 - Required court appearance
 - Emergency dental or doctor appointments when excused in advance. Every effort should be made to schedule appointments when students are not in a class. Appointment cards and/or a doctor's note may be required for verification of the appointment.
 - Written permit and behind-the-wheel road tests for driver's education.
 - Student absence when accompanied by a parent.
 - Religious release time.
 - Physical emergency conditions such as fire, flood, storm, etc.
 - Removal of a student such as suspensions.
 - Inclement weather in which parents believe it is too dangerous to send their child to school.

* If 5 or more excused absences for illness occur per monthly review or 12 excused absences for illness within a school year occur, a letter will be sent providing notification that attendance is being monitored. **After 15 absences for illness in a school year**, a doctor's note or a ***Medical Excuse for Attendance Monitoring*** may be required for the remainder of the school year. **Failure to provide a requested note will result in the absence being marked unexcused.**

Consequences of Excused Absences:

Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.

Work missed because of absence must be made up within the number of days established by individual teacher policies. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

- (6) Students absent due to extended injury, illness or pregnancy will, upon request of the parent/guardian, be placed on homebound instruction upon a medical doctor's recommendation. Absences incurred while a student is on homebound instruction do not count toward the six absences which lead to class failure.
- (7) Extended Family Trips - When parents make the decision to take their student/students out of school for an extended trip, they must also share the responsibility to help their student/students complete their school work. Upon parents' request, an electronic "Extended Absence Form" listing each of the student's classes will be filled in by the instructor based upon the same or equivalent amount of work as students in school. Included in the form will be all work to be completed for the time missed and how the student may earn credit for the work missed. The form will be shared with the teacher, student and parent. Students will be allowed the same amount of time at the end of the quarter to complete the class requirements as students who remained in school (five school days) or five school days after returning to school if they return after the end of a quarter. At the end of this time, the student's work completed and turned in to the instructor will be evaluated and used to determine the student's grade. This Extended Absence Form does not prevent absences from being counted when determining student eligibility for awards, celebrations, or events.
- (8) **Unexcused absences** are granted for absences which could have been avoided or delayed and which prior arrangements and/or approval have not been made through the principal's office. This absence indicates that the student had been absent from school with or without the consent of the parents but the excuse presented by the parents is not acceptable to school authorities. The following are examples of absences which will not be excused:
- any absence in which a valid reason is not provided by parents,
 - transportation problems (other than by school district provided transportation),
 - oversleeping,
 - personal errands,
 - work due to emergency except under school sponsored work release or prearranged with school,

- absences resulting from cumulated unexcused tardies (3 unexcused tardies equal one unexcused absence) and,
- any other absence not included under the attendance procedures set out in this policy.
- babysitting or family member care

All unexcused absences must be made up. Failure to makeup the time within one week will result in further detention and/or suspension.

CONSEQUENCES OF UNEXCUSED ABSENCES:

The **first** time a student receives an unexcused absence from school he/she will be given an equal amount of in-school suspension (ISS) time.

The **second** time a student receives an unexcused absence from school he/she will attend wRight Choice for **one** full day.

The **third** time a student receives an unexcused absence from school he/she will attend wRight Choice for **three** full days and a referral letter will be sent to Wright County Court Services. This letter is required by MN State Statute 120A.22. Screening with Truancy Workers occurs to determine an appropriate plan of action. An attendance letter outlining the actions taken by the school and possible future actions will be mailed to the student's parents.

The **fourth** time a student receives an unexcused absence from school he/she will attend wRight Choice for **five** full days and an updated referral will be sent to Wright County Court Services. An attendance letter outlining the actions taken by the school and possible future actions will be mailed to the student's parents.

Subsequent offenses: The student may be subject to expulsion and/or referral to the county attorney's office.

After two cumulative unexcused absences in a semester, a student's grade may be reduced one increment for each unexcused absence. After five unexcused absences in a semester, the student may lose credit for the class or classes. However, prior to reducing the grade or credit(s), an administrative conference will be scheduled between principal, student and parent.

(9) Tardiness - Students absent from class for twenty minutes or more will be considered absent.

A. Tardy to School or WTC - Administrator Responsibility. Students who are tardy or absent from school must report to the General Office with an excuse from the parent or guardian for a pass to class. Only those reasons listed for excused absences will be accepted. Students who fail to report to the General Office and/or fail to have an excuse when late will automatically receive an unexcused absence. Failure to makeup the time within one week will result in further detention and/or suspension.

Consequences for being tardy to school:

The **first** time a student is tardy to school 1-10 minutes, he/she will be given a warning, 11-20 minutes late to school will be given 20 minutes of make-up time, more than 20 minutes late to school will be given an equal amount of make-up time to the amount of time tardy.

The **second** time a student is tardy to school he/she will receive one general detention plus 1-10 minutes late to school will be given 10 minutes of make-up time, 11-20 minutes late to school will be given 20 minutes of make-up time, more than 20 minutes late to school will be given an equal amount of make-up time to the amount of time tardy.

The **third** time a student is tardy to school he/she will be given one half day of in-school suspension (ISS).

The **fourth** time a student is tardy to school he/she will be given one full day of in-school suspension (ISS).

The **fifth** time a student is tardy to school he/she will be sent to wRight Choice for one full day.

The **sixth** time a student is tardy to school he/she will be sent to wRight Choice for three full days.

A referral may be made to Wright County Court Services for possible truancy intervention once a student has been unexcused for three or more tardies.

Subsequence offenses: The student may be subject to wRight Choice, and/or referral to the County Attorney's Office, and/or additional actions determined by administration.

The number of unexcused tardies is per semester and will reset at the semester break.

B. Tardy to Class - Teacher Responsibility. Students who are tardy to class must have a pass from a faculty member or the office staff excusing their tardiness. Students who are late to class and do not have an excused pass will receive an unexcused tardy. Teachers will record the tardiness and fill out the General Detention Form.

The **first** time a student receives an unexcused tardiness from a class, he/she will be given a detention warning.

The **second** time a student receives an unexcused tardiness from a class, he/she will be given one detention.

The **third** time a student receives an unexcused tardiness from a class, he/she will be given two detentions.

The **fourth and all subsequent times** a student receives an unexcused tardiness from class, he/she will receive a class suspension. The number of unexcused tardies is per nine-week period from the day the first one is received.

(10) Attendance policies regarding students participating in extra-curricular activities: (See 'Illness on Day of Extra-Curricular Activity' in Student Handbook) Students not attending school may not participate in school sponsored work programs.

(11) Non-Wright Technical Center Days – On days in which Maple Lake High School has classes and Wright Technical Center does not, students who are not in good standing academically or behaviorally will be required to stay at MLHS during normal WTC time.

BULLYING PROHIBITION

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, are prohibited on school district property, at school-related functions or activities, on school transportation, and by misuse of technology. For detailed information, see the school district's "Bullying Prohibition" policy.

BUS BEHAVIOR

Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses, including nonpublic school students. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and for riding on a school bus.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

- Get to the bus stop five minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- Respect the property of others while waiting at the bus stop.
- Keep your arms, legs, and belongings to yourself.
- Use appropriate language.
- Stay away from the street, road, or highway when waiting for the bus.
- Wait until the bus stops before approaching the bus.
- After getting off the bus, move away from the bus.
- If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- No fighting, harassment, intimidation, or horseplay.
- No use of alcohol, tobacco, or drugs.

While riding a school bus, all riders must comply with the following rules:

- Follow the driver's directions at all times.
- Remain seated facing forward while the bus is in motion.
- Talk quietly and use appropriate language.
- Keep all parts of your body inside the bus.
- Keep arms, legs, and belongings to yourself and out of the aisle.
- No fighting, harassment, intimidation, or horseplay.
- Do not throw any object.
- No eating, drinking, or use of alcohol, tobacco, or drugs.
- Do not bring any weapons or dangerous objects on the school bus.
- Do not damage the school bus.

Consequences for school bus/bus stop misconduct will be imposed by the school district under administrative discipline procedures. All school bus/bus stop misconduct will be reported to the school district's transportation company and the appropriate building principal. Serious misconduct may be reported to local law enforcement.

CAPTAIN'S PRACTICE

Captain's Practice and Open Gym sessions are not sponsored or supervised by the Athletic Department and not a function of the MLHS. Use of the school facilities and equipment are governed by the school board policy. Contact the Activities Director if you have any questions. The Maple Lake School District assumes no liability for students involved in Captain's Practice or pre-season conditioning.

CASHING CHECKS AND GETTING CHANGE

Checks are acceptable for all school obligations. If you are paying on your lunch account, make the check payable to the Maple Lake School Lunch Fund. When other payments are made, the check should be made payable to Maple Lake Public Schools. Cashing personal checks, when there is no

obligation due the school district, is against school policy. The business office staff and lunchroom personnel have been instructed to turn down such requests. The office will make change for students ONLY before and after school.

CELL PHONES

Maple Lake High School has a “No Sight, No Sound” cell phone policy. Students are prohibited from using cell phones and earbuds/headphones during class periods from bell to bell. Students also are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies, including, but not limited to, cheating, bullying, harassment, and malicious and sadistic conduct. Additionally, cell phone usage is prohibited in restrooms and locker rooms.

If the school district has a reasonable suspicion that a student has violated a school policy, rule, or law by use of a cell phone or other electronic communication device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search.

Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action. In addition, a student’s cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.

The first time a student is caught using a cell phone during the class period, or the phone rings, the teacher will handle the consequence according to their classroom expectation. The second and third violations, the student will be asked to give the device to the teacher. The teacher will submit it to the office. Failure to surrender the phone to the teacher will result in suspension. The second violation of the cell phone policy will result in paperwork being completed by the student and the phone being returned to the student at the end of their school day. The third violation will result in paperwork being completed by the student and a parent/guardian may be required to pick up the device. A fourth violation requires arrangements for checking the phone in and out at the high school office at the beginning and end of the school day. Violations will reset each semester.

Students should not use the phone during passing times to place or receive calls without teacher/office permission. If a student wishes to use the phone during the day to contact parents, he/she should request permission from the teacher or office. If parents are texting you, please tell them that you may not receive their text message until passing time. Be sure to inform staff, and ask for permission if you are placing a call.

Using any electronic or manual device to video, audio record, or take photographs of students and staff at Maple Lake High School without their written permission is prohibited unless they are part of an official school production. Consequences for violating this rule may include a 1-10 day suspension.

No time will be invested into retrieving lost/stolen cell phones at school.

CHEATING

Whether you give or receive information during an exam or on an assignment or project, the offense is the same. You will receive a "0" on the work. The school district may search a students' google account if we suspect it will reveal cheating. Those students enrolled in college courses may be removed from the college credit portion of the course, which may result in an F on a college transcript. Additionally, the student may be required to pay for the cost of the college credits. See student discipline code.

Examples of Cheating include, but are not limited to:

- Allowing others or **AI** to do an assignment or portion of assignment for you.
- Copying homework.
- Turning in someone else's work.
- Letting your group or lab partner do all the work and putting your name on the final report/project.
- Buying a paper or project (print version or online version).
- Letting a parent or guardian complete a class project.
- Collaborating on an exam or assignment with any other person without prior approval from the instructor.
- Copying or attempting to copy from others during an exam or on an assignment.
- Pre-programming a calculator or other handheld computer device to contain answers or other unauthorized information for exams.
- Using small handheld computer devices to pull up information while taking a test, or to share questions or answers.
- Using unauthorized materials, prepared answers, written notes, or concealed information during a test or exam.
- Taking an exam for another person or having someone take an exam for you.
- Enabling someone to copy your work.
- Taking pictures of and/or sharing exams, past or present, with others via an electronic device.

CHURCH NIGHT

Maple Lake High School will continue to make every effort to schedule school events on days other than Wednesdays and Sundays. No activities will be scheduled between 7:00 p.m. and 9:00 p.m. on Wednesday evenings for high school students except by special school board approval.

CLASS RANK

To obtain information on class rank or honor roll, check with the High School Principal. Class rank is based on a weighted grading system.

CLASS SCHEDULE CHANGES

Class schedule changes may be made by making an appointment with the High School Principal or Guidance Counselor. All changes for the first semester classes must be completed prior to the beginning of school. All changes for the second semester classes must be completed by the first day of the second semester. Withdrawal from a course after ten days of class will result in an "F" grade for the quarter. Exceptions to this policy may be made at the discretion of the High School Principal or Guidance Counselor.

COMMENCEMENT

Student participation in the graduation ceremony is a privilege, not a right. All Maple Lake High School students who remain enrolled until the end of their senior year and are working toward a Maple Lake Diploma will be invited to participate in commencement exercises. Seniors who are working toward earning a Maple Lake diploma and Foreign Exchange students will be recognized in a ceremony that celebrates the commencement of their high school education. Those students who have completed credits to graduate will receive a signed diploma. The graduation ceremony may be denied for appropriate reasons, which may include discipline. Additionally, all senior check out obligations need to be met in order to participate in commencement exercises.

COUNSELING SERVICES

A counselor is available to help your child make educational decisions concerning their academic needs and goals in regard to classes taken and graduation credit completion. If your child is having difficulty and you would like some information, the counselor may be contacted.

DETENTION

When a student receives his/her notification of detention, a date to attend will be listed. If there is a conflict, see the teacher, Student-Parent-Teacher Liaison, or High School Principal to make arrangements. If a student skips detention, double detention will be given. The second time a detention is skipped, the student will incur additional consequences which may include limited access to halls and school activities, in-school suspension, or wRight Choice.

DRESS CODE

This policy encourages students to dress appropriately for school activities and in keeping with community standards. Any appearance that causes undue attention when it detracts from the educational program of the school will not be allowed. In accordance with state mandates, the school is to be a "zero-tolerance zone" in the areas of harassment, violence, and alcohol/drug usage. In real life this means we must carefully monitor the message being tolerated in the school.

Inappropriate clothing includes, but is not limited to, the following:

- short shorts, short skirts, skimpy tank tops, tops that expose the midriff and cleavage, and other clothing that is not in keeping with community standards,
- apparel that is overly tight fitting and/or is too see through or too sheer,
- apparel that allows underwear to show,
- clothing that bears a message which is lewd, obscene, or vulgar,
- apparel which promotes activities that are illegal for use by minors,
- objectionable emblems, signs, words, objects or pictures communicating a message that is racist, sexist, or otherwise derogatory to a group or which implies/suggests gang membership,
- apparel or footwear that would damage school property including, but not limited to chains worn as decoration,
- backpacks, bags, bandannas hanging from pockets, and headphones / ear buds (during school hours).
- Headgear, including hats or any head coverings, are not allowed to be worn in the building except with the approval of administration (i.e., medical situation).

Students will be asked to change their attire or remain in the office for the duration of the school day. Students choosing to go home to change will be assigned make-up time for actual time missed. Failure to change will result in in-school suspension. The second and any subsequent occurrence may result in the student(s) being placed in in-school suspension.

No coats, backpacks, bags, purses, containers, totes, or blankets will be allowed in classrooms during the school day. Items must be stored in the student's lockers. Outerwear may be worn if needed for class participation. When weather is cool, students are encouraged to wear sweaters and appropriate sweatshirts. Students are not allowed to use blankets in the building unless permission is granted by the high school principal.

Exceptions to the dress code may be allowed for special occasions such as Homecoming, Snocoming, etc. For these occasions, an organized student group may recommend a form of dress for students considered appropriate for a specific event and make such recommendation to the administration for approval. Exceptions may also be made at the discretion of the high school principal.

DRIVERS TRAINING

Classroom driver's education will be offered during the school day only. Once you receive your permit contact the Driver's Ed instructor for behind-the-wheel instruction. Behind-the-wheel instruction may be purchased as single or multiple sessions. See the office for details. The cost for behind-the-wheel training is \$350 for Maple Lake Students.

DRUG-FREE SCHOOL AND WORKPLACE

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

EIGHTEEN YEAR OLD STUDENTS

Minnesota Statute 120.06 states the following:

"The Board of Education of any school district shall provide free educational services to any person between the ages of 18-21 years and may require of that person adherence to rules and regulations applicable to students under 18 years of age."

Therefore, all students enrolled in MLHS. will be required to follow the same policies as established for those under 18 years of age. However, certain rights and responsibilities become effective on a student's eighteenth birthday: data privacy, self-responsibility, etc. For more information, see the High School Principal.

ELECTRONIC DEVICES

Personal radios, streaming devices, and other such electronic devices are not allowed to be used during the school day. Laptops, tablet devices, Chromebooks, earbuds/headphones, etc., may not be used during the school day unless teacher permission is granted to use the item for educational purposes. If they are seen being used during the day, they will be confiscated and returned to the student in accordance with the cell phone policy. No time will be invested into retrieving lost/stolen electronic devices of this kind at school.

ELIGIBILITY REQUIREMENTS

Student eligibility is based on academic success as well as a commitment of the participants to follow the high school league behavior rules. To be eligible to participate, **students must receive passing grades in all classes.**

1. Any student receiving one or more failing grades at mid quarter or quarter break will become ineligible to participate in a competition, but still required to attend practice. Travel with team is at coach's discretion, however, students will not be allowed to travel to an early dismissal event

2. At that time, the student will receive an "eligibility report", the student will need to meet with every teacher on their schedule to discuss their grade or progress. Each teacher will need to sign the "eligibility report" which is then submitted to the Activities Director or Principal for approval. These slips can be turned in as early as the next day after being notified of ineligible grades.

- a) Students that submit slips with passing grades from all teachers have potential to be approved.
- b) Students will remain ineligible until all grades are passing and/or a signed slip is submitted.
- c) There is no maximum length of ineligibility. It is up to the student to determine the length of time.
- d) Student will be placed on Academic Probation until the next grading period, to ensure they do pass their classes and remain eligible.
- e) Student is removed from Academic Probation at the next grading period if they are passing all classes.
- f) A student who earns a failing grade in any course at the end of a quarter, semester, or trimester that concludes at that grading period (and is not continued into the next grading period during the same school year) will be academically ineligible for extracurricular participation for two (2) weeks or two (2) contests, whichever is longer.
- g) The only exception to the above stated rule is in the fall when school starts again. Since fall (Football 9--12, Volleyball 9--12, Cross Country 7--12) start three weeks before school starts and those academically ineligible from the spring have no chance to make up for their failing grades until school starts, the following will be followed.
 - ** Cross Country – 2 meets or 2 weeks whichever is longest.
 - * Football – 1 scrimmage and 1 game at the beginning of the season.
 - ** Volleyball – 2 games or 2 weeks whichever is longest.
 - ** Cross Country & Volleyball can have MSHSL competitions at the end of the first 2 weeks.
 - * Football can't have a MSHSL game until the end of the 3rd week.

Academic Probation Students:

3. Students can move from ineligible to eligible on a daily basis between mid quarter and the end of quarter as well as between quarter- end to the next mid quarter if they desire.

4. Students can move from eligible to ineligible on a weekly basis between mid-quarter and the end of quarter as well as between quarter- end to the next mid quarter if they desire.

****Academic Week (Wednesday to Tuesday)****

Grades are checked at the end of day Tuesday, ineligibility starts Wednesday.

Inappropriate on or off campus behavior may result in a violation of Minnesota State High School League rules under the code of conduct which could affect eligibility. See page 19 “Off Campus Behaviors” for more information.

Students have the right to appeal a local Code of Conduct decision at the school level. See the Activities Director or High School Principal for more information.

EMERGENCY EVACUATION PLAN

In case of an emergency that would make it necessary to evacuate the area, a plan has been developed. In the event it is necessary to evacuate, we ask for your assistance and cooperation. The crisis management plan will be followed. Consult any high school staff member for details. Procedures for a lockdown are in place.

EMPLOYEE BACKGROUND CHECK REQUIREMENTS

It is the policy of District #881 to require a criminal background check on all school employees. Other individuals who provide services to the school may also be subject to a background check. This is left to the discretion of the school administration.

ENROLLMENT OPTIONS

A variety of enrollment options are available providing parents/guardians and students with the opportunity to choose the site of education of the student. Information about the various enrollment options, including applications, deadlines, criteria to qualify, etc. may be obtained through the principal's office. Transportation for students participating in enrollment options is the responsibility of the parents with the availability of reimbursement funds for low-income families. Students participating in some of the enrollment options make a commitment for a year.

EXTRA-CURRICULAR ACTIVITY CONFLICTS

Where conflicts in scheduling extra-curricular activities seems to be unavoidable, the following regulations will prevail. Every attempt will be made so that the students need not be asked to make a choice, nor be penalized due to any decision stemming from this policy:

- (1) All performances (games, concerts, meets, contests) take priority over a practice or rehearsal.
- (2) A concert will take priority over all games or meets below the varsity level.
- (3) District performances have priority over non-district performances.
- (4) Region performances have priority over district performances.
- (5) State performances have priority over regional performances.
- (6) In the event that a scheduling problem develops because of a student being involved in two extra -curricular activities on the same date and time, the student will attend the event scheduled first.

When a conflict appears and the above policies do not resolve the problem, the following procedure will be followed: The two coaches, directors, and/or advisors will meet with the High School Principal and resolve the conflict.

EXTRA-CURRICULAR FEE SCHEDULE

A fee schedule for participation in extra-curricular activities does exist. The following fees have been established.

Class I Activities: JH Speech, Extracurricular 3 Act Play, and 7th and 8th grade athletic activities are \$100 per activity, with the third activity at \$55.

Class II Activities: Mock Trial, Speech, Knowledge Bowl, 1 Act Play, and all 9th-12th grade athletics are \$125 per activity, with the third activity at \$65.

The family maximum fee for students in Class I and Class II activities is \$600 per year.

Coop Fee (Alpine Skiing, Hockey, Swimming) is \$300.

Reduction in fees is available for those that qualify for free or reduced lunches. See the Athletic Director, or your coach/advisor for more information.

FEES

Materials that are part of the basic educational program are provided with federal, state, and local funds at no charge to a student. Students *are* expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items. Students may be required to pay certain other fees or deposits.

Students will be charged for Chromebooks, textbooks, workbooks, and library books that are lost, destroyed, or damaged. For more information contact the high school principal.

FIRE DRILLS

The Minnesota State Fire Marshall requires each school to hold five fire drills during the school year. Please leave the building in an orderly fashion as quickly as possible. Any inappropriate behavior will result in detention. Tampering with the fire alarm system, including jumping up and touching the smoke detectors, will set off the alarm system. This intentional tampering is a misdemeanor, will result in suspension and may be turned over to the authorities for investigation.

FOOD/TREAT

Students who wish to bring a treat to share with their classmates must bring store bought or bakery prepared items. Homemade items are not allowed per Minnesota Department of Health regulations. Please consider any food allergies when selecting a treat to bring to school. Healthy snacks are encouraged! Refer to Wellness Policy when considering treats.

GRADING PROCEDURES AND POLICIES

All report cards will be marked using one of the following letters: A, B, C, D, F, P (pass), I (incomplete), W (withdrawal) or X (not enrolled).

A mark of I (incomplete) may turn to an F (failure) at the end of five school days after the grading period unless special arrangements have been made by the instructor through the office.

Each junior high course failed must be made up the next year unless one of the following alternatives is met:

1. Attendance/completion of credit through summer school if offered by the district (summer school may or may not be offered based on financial status of district, number of students available, financial support of state, etc.).

2. Attendance/completion of credit through summer school in another district at the expense of parents or student (no cost to Maple Lake district).

Junior High students who fail four year-long courses or the equivalent will repeat that grade the following year and do not have the summer school option.

The above policy may be waived in exceptional situations by a review committee comprised of the High School Principal, the High School Counselor and the Instructor of the course failed.

All students should have been informed of their teacher's grading policies and procedures during the first week of the course.

HARASSMENT AND VIOLENCE PROHIBITION

The school district strives to maintain a learning and working environment free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status,

familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. Detailed information on the school district's "Harassment and Violence Prohibition" policy is included in this handbook and available on the district policies website.

HAZING PROHIBITION

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's "Student Discipline" policy. Please see the school district's "Hazing Prohibition" policy.

HEALTH CONCERNS

Due to a number of health concerns among our students and the spreading of diseases and germs, the following are not allowed in school: sunflower seeds, peanuts or other nuts, and latex balloons. Only non-latex balloons may be brought into the school. Students should refrain from actions that encourage the spread of germs such as sharing drink bottles, sharing food, spitting into bottles, etc. Students are also encouraged to use hand sanitizer before lunch, wash hands frequently, and be cautious of sweat on gym equipment.

HEALTH / NURSE'S OFFICE INFORMATION

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's main office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent /guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) near the high school commons and middle school gym. Tampering with any AED is prohibited and may result in discipline.

Students with health problems are to report to the school health aide at the beginning of the school term or when such a problem arises. Special problems include vision, hearing, diabetics, epilepsy, rheumatic fever, recent surgery, medication or anything that might limit students' activities at school.

HONOR ROLL

To obtain information on honor roll or class rank, check with the High School Principal. The honor roll may be posted in the Commons and may be printed in the *Maple Lake Messenger*.

ILLNESS

A student who becomes ill during the school day should report to the health aide's office after receiving a pass from his/her classroom teacher. Under no condition should the student leave the building without notifying the office. If the student is too ill to be in class, he/she will be sent home, after a parent/guardian is contacted by the health office. Students **should not** contact parents requesting to go home without the approval of the health office. The following policy on administration of medication in schools was approved by the Maple Lake School Board. Medication will be given only under the following conditions:

1. Medication will be given after receiving a written physician's order and parent/guardian authorization for prescription medication and after parent/guardian authorization for over-the-counter medication.

2. Medication must be brought to school in an appropriately labeled container:
 - a. **Prescription** medication must be brought to the school in a prescription bottle as issued by a pharmacist (Duplicate bottles can be obtained from the pharmacist upon request.). The label on the bottle must match the physician's orders. If the pills need to be cut in half, the medication must be brought to school already cut by the pharmacist or parent.
 - b. **Over-the-counter** medication must be brought in the original, sealed, purchased container with the child's name written on it.
3. Medications not taken orally, or which have the potential of dangerous side effects, will only be administered by a Registered Nurse.
4. All medication must be stored in the Health Office to be administered by Health Office personnel, under the supervision of the School Nurse.

INCOMPLETES

If there is a mark of "I" in any quarter, a final mark cannot be figured until the required work is made up. Credit for that grading period cannot be granted until the work is completed. Incompletes will count against a student for Honor Roll calculations until the incomplete work has been completed. A mark of I (incomplete) may turn to an F (failure) at the end of five school days after the grading period unless special arrangements have been made by the instructor through the office.

INJURIES

Any student who is injured in school or while participating in a school sponsored activity should be sure to let his/her teacher, coach or supervisor and principal know about the injury. The school district is not liable for any injuries.

We wish to emphasize that the school district does not provide any type of health or accident insurance for injuries incurred by students at school. We encourage parents to review their present policies to determine if coverage is adequate.

IRISH ADVENTURES

In order to participate in Irish Adventures field trips, students must meet the following qualifications:

- **Academics**
 - Fall Semester Trip: Successfully pass all courses for the semester.
 - Spring Semester Trip: Be passing all courses as of the eligibility cutoff date, which is two weeks prior to the trip
- **Attendance**
 - Have not missed more than 10 days of school for the semester (full days or partial days that calculate to 10 days total in the JMC program), regardless of the reason unless an exception has been approved by the administration due to extenuating circumstances
- **Behavior**
 - No outstanding detention or disciplinary obligations
 - Any outstanding obligations must be made up two weeks prior to adventure trips
 - No more than four general detentions assigned during the semester
 - No major office referrals (including, but not limited to possession of drugs or alcohol, possession of a weapon, fighting or significant physical aggression, severe verbal aggression, threat to school safety, theft, sexual misconduct)

Students who meet eligibility requirements at the time of registration must continue to meet those expectations through the date of the trip. Students who become ineligible after registering may lose the opportunity to participate and may not be eligible for a refund if expenses have already been incurred.

Participation in Irish Adventures is a privilege, not a right. Students are expected to demonstrate responsible behavior, consistent attendance, and satisfactory academic performance throughout the eligibility period. Eligibility decisions are based on the criteria outlined above. The administration reserves the right to review individual circumstances, including extenuating situations, and make final eligibility determinations.

LOCKERS

Each student will be assigned a locker with a combination lock. Under no circumstances is a student to open any locker not assigned to him/her. Do not give your combination to anyone. **If you have a valuable item, especially money, please leave it in the office for safe keeping.** Books and personal items may be kept in the locker but students are discouraged from leaving money or other valuables in lockers. **The lockers are the property of the school district and may be inspected by school officials at any time for any reason, without notice, without student consent and without a search warrant. The personal possessions and/or a student's person may be searched when school authorities have a reasonable suspicion that the search will uncover a violation of law or school rules. A second person will be present when a student search is conducted.** Students whose personal possessions have been searched will be notified of the search unless disclosure would impede an ongoing investigation. Students caught writing on or damaging lockers will be assessed an appropriate fine to offset the cost of cleaning or repairing the locker. The school is not responsible for items taken from lockers and/or the locker room.

Students may not switch lockers without notifying the general office. Failure to do so could result in the student no longer being allowed to use a locker. Misuse of lockers, sharing other students' combinations or entering someone else's locker without permission may result in the loss of use of a locker.

LOST AND FOUND ARTICLES

Articles found by students, teachers, etc., are to be turned into the General Office. If a student loses something, it should be reported to the office. Students should not carry large sums of money or other valuable items to school. **The school is not responsible for items taken from lockers and/or the locker room.**

LUNCH POLICIES

Lunch is to be eaten in designated areas only. Students may receive a lunch at school or bring a prepared lunch from home. Milk will be available for purchase to supplement lunches brought from home. Lunches are free for elementary students, free for high school students and \$5.60 for adults. Extra milk may be purchased for \$.50. An extra entrée may be purchased for \$2.60. The adult price will be charged for a second meal purchased. A la carte items may be purchased on a cash basis after the regular lunch is served or charged to lunch account up to amount specified by parents. Breakfast is available for free for students and \$2.80 for adults.

The computerized lunch ticket program allows students to deposit an amount of money into a family account for the purchase of lunches or milk. Parents may send an amount to the lunch fund through the mail, their student(s), or by using a credit card via the new online service (see lunch letter). Each

student will be allowed to charge two meals. If additional meals are charged consequences will occur. Eligibility forms for free and reduced meals were distributed to all families before school and are available throughout the year in the office. All tickets, regular, free or reduced, will be handled in the same manner.

MEDIA CENTER

The media center / library is open from 7:30 am – 3:30 pm. Students may use the media center during the school day and before and after school only when a supervisor is present. The media center provides both print and electronic resources for educational reading and research.

Unacceptable conduct may result in loss of library privileges. Books may be checked out for two weeks. Overdue notices will be distributed to students with overdue materials. If the materials are not returned the student will be assigned detention. At this time the student will not be able to check out further materials until the overdue materials are returned or replacement cost of the material is paid. Any student who habitually abuses the loan privilege may face further penalties. Internet contracts must be signed to use computers.

NONDISCRIMINATION

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, including gender identity and expression, or age in its programs and activities. The school board has designated Christine Palmer, Payroll/Personnel Coordinator, 200 Hwy. 55, Maple Lake, MN 55358, 320-963-7522, palmerc@maplelake.k12.mn.us as the district's human rights officer to handle inquiries regarding nondiscrimination.

PARENT RIGHT TO KNOW

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher who is not highly qualified.

PARENT-TEACHER CONFERENCES

Parent-Teacher conferences will be held after mid quarter. The fall conferences are scheduled for Tuesday, October 20, 2026. Spring conferences are scheduled for Thursday, February 25, 2027. Conference times for these evening sessions will be 4:00 p.m. until 7:00 p.m.

PASSES TO LEAVE THE BUILDING DURING THE SCHOOL DAY

Before a student leaves the building during the school day, he/she must get a permit from the office. Please take care of this before school. Except in emergencies, a written request signed by a parent or guardian will be required. Unless permission is expressly granted and the student receives a permit, it will be considered an unexcused absence.

PERFECT ATTENDANCE

Perfect Attendance Certificates will be awarded at Senior Awards Night to students who meet the following criteria:

- No more than two absences from the same class per quarter
- No more than 2.5 hours of excused missed time in a school day
- Fewer than five three unexcused tardies to school

Absences due to religious observances, in-school suspension (ISS), visits to the nurse, or academic field trips will not count against perfect attendance.

PLAGIARISM

Plagiarism is the intentional or unintentional use of another person's or words or ideas without giving proper credit to that person. When students complete writing assignments, it is important that they be aware of plagiarism issues.

Examples of Plagiarism include, but are not limited to:

- Building on someone else's ideas without proper citations or acknowledgments.
- Paraphrasing of another person's original phrase, metaphor, or other literary device without acknowledgment.
- Copying and pasting from works of others or information found on the internet (AI) into a word processing document without giving proper credit to the source.
- Turning in a paper that the student did not actually write (often times downloaded from the internet – such as Chatgpt, etc).
- Using smaller bits of information from the internet (cutting and pasting) without giving credit.
- Copying another student's paper.
- Writing a paper that uses other outside sources without giving credit to those sources.

If the student is deemed guilty of plagiarism, the student may not receive credit for the assignment. Depending on the scope of the assignment, this may put the student in danger of failing the course. The school district may search a student's google account if we suspect it will reveal plagiarism. Those students enrolled in college courses may be removed from the college credit portion of the course, which may result in an F on a college transcript. Additionally, the student may be required to pay for the cost of the college credits. It is the student's responsibility to be aware of plagiarism issues.

PLEDGE OF ALLEGIANCE

Students will recite the Pledge of Allegiance to the flag of the United States of America weekly. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to recite or not recite the pledge.

PHYSICAL EDUCATION POLICIES

All students participating in Physical Education or using the Physical Education facilities are required to follow the policies established by the teachers in charge. Irresponsible or injury threatening behavior will not be allowed in the gym! Violation of the policy will result in detention or revocation of gym usage. Students will be assigned gym lockers. (See lockers) The school is not responsible for things taken from locker room.

POSTERS

If you wish to display or distribute any poster, sign, or notice in the hallway, please check with the High School Principal for approval.

POST SECONDARY ENROLLMENT OPTION

Students planning to use the Post-Secondary Enrollment Option (PSEO) to attend a secondary institution part time or full time are encouraged to do so at the beginning of the school year or at the end of the first semester. Students will not be given credit for semester courses that they do not complete in accordance with Maple Lake High School policy. Students interested in PSEO **must** fill out an application form and submit it to the Guidance Counselor by October 30 or May 30 to indicate enrollment in postsecondary courses during the following academic term. A pupil is bound by notifying or not notifying the district by October 30 or May 30. The application must be signed by the student and his/her parent or guardian. If students do not notify the enrolling district of their intent to enroll in PSEO by May 30, the family may be responsible for the postsecondary tuition expense (Minnesota Statute 124D.09). Students wishing to take a PSEO course should contact the Guidance Counselor.

REMAINING AFTER SCHOOL AND WEEKEND USE OF THE HIGH SCHOOL BUILDING

Students, adults and non-school employees are not permitted in the high school building after 3:30 p.m. on school days nor at any time on holidays, weekends or during the summer months unless the individual: 1) is attending a school event or meeting with a teacher; 2) has permission or an invitation from a school official; or 3) has reported their presence in the school building to the hall supervisor.

An after-school supervisor is present to monitor student activities and to insure student safety after school. The school board wishes to provide an opportunity for students to stay after for study time, media work and/or computer work as well as extra-curricular participation. If you stay after school, the following rules will apply beginning the first day of school:

1. All students staying after school, but not in an after school supervised activity, will be asked to wait in the commons. Students will be able to call home.
2. Students in the hall will be asked to go to the commons area. If a student refuses, he/she will be asked to leave the building.
3. If a student refuses to stay in the commons area or leave the building when asked, or if the student leaves and comes back, his/her parents will be notified of the incident and told that any further violation will result in the student not being allowed to stay after unless prior arrangements are made between the school and parent.
4. If a student stays after school without prior arrangements by the parents after his/her privileges have been revoked, and refuses to leave when asked, the authorities will be called.

If a student is acting inappropriately after regular school hours, the following may occur: the student may be placed on detention, asked to leave the building, parent conference, police referral, and/or loss of privilege to attend school activities.

According to MN law, it is a misdemeanor for a person to enter or be found in a school building unless the above guidelines are followed. A person, student, and/or adult, may also be prohibited from entering the school for up to six months on a full or part-time basis. Failure to comply with the restriction, "leave and do not return," will result in a misdemeanor and may result in an arrest.

REPORT CARD SCHEDULE

Parents may view grades on Parent Portal at any time. Log on to the High School web site and follow directions. Report Cards will be given out four times each year. This year, student report cards will be distributed on the following dates:

SCHOOL LUNCH AND BREAKFAST

A web-based system is being used this school year which will allow parents to check their balance and to electronically deposit money into an account. Watch for more information from Food Service regarding this process.

SEARCHES

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Lockers and Personal Possessions Within a Locker

Under Minnesota law, school lockers are school district property. At no time does the school district relinquish its exclusive control of lockers provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Personal Possessions and Student's Person

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Vehicles on Campus

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

The interior of a student's motor vehicle, including the glove and trunk compartments, in a school district location may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to loss of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon a school official's request.

SKIPPING CLASS

A student absent from all or part of a class period without the knowledge or approval of the school and/or parent will be considered to have skipped class. The consequence for skipping class is one general detention. Skipping class may be reported to Wright County Human Services Truancy Division.

SOCIAL WORKER SERVICES

A social worker is available to provide assistance to you. If you need someone to talk to confidentially, see, the social worker in the Counseling area.

STUDENT GOVERNMENT

The Maple Lake High School Student Council is an active group who represents the student body and plans activities throughout the year. For more information and/or a constitution of the Student Council see any officer or the faculty advisor.

STUDENT PICTURES

Student pictures and identifying names will be printed in the school yearbook, school paper, and given to the local news media on those occasions that warrant it. However, any student or the student's parent if the student is under the age of 18 may request that his/her picture not be published in the media or in the school yearbook. This request is to be made in writing to the principal of the high school. This does not cover pictures taken by the news media of school events.

STUDENT RECORDS

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an "eligible" student is one who is 18 or older or who is enrolled in an institution of post-secondary education. A complete copy of the school district's "Protection and Privacy of Pupil Records" policy 515 may be obtained on the school district website.

STUDENT SURVEYS

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection, and use of information for marketing purposes, see a complete copy of the school district's "Student Surveys" policy 520. This may be located on the school district website.

1. **Drastic mood swings:** Sudden and extreme changes in emotions, such as appearing overly sad or hopeless.
2. **Withdrawal:** A noticeable retreat from friends, family, and activities they used to enjoy.
3. **Talking about suicide:** Expressing feelings of hopelessness or discussing self-harm.

The phone in the hall is available to students before and after school. If a student wishes to contact his/her parents/guardians during the school day, he/she should come to the office. TEXTBOOKS

Due to the high price of textbooks, students are asked to cover their books using the free covers in the office, paper bags, or other paper. Stretch covers bend the corners of the books and are therefore not allowed. Textbooks are expensive to replace. Students are asked to take care of all of their textbooks or a fee may result.

THREE SPORT/ACTIVITY REWARD PROGRAM

Students that compete in an extracurricular activity each of the three seasons will be recognized for their efforts. See the activity handbook for details.

VISITORS TO THE MAPLE LAKE HIGH SCHOOL

Preschool or elementary age children are not allowed to visit high school classes. Students from other schools or other friends of Maple Lake students may not visit classes unless arrangements have been made with the principal in advance. Unless there are valid reasons why such students need to visit our school, the visit will normally not be approved. Lunch visits require 24-hour notice and must be approved by the principal. Visitors will not be allowed on the last day before a break, on the last day of the quarter, on testing days, or other days specified by the principal. All visitors to Maple Lake High School must report to the Principal's Office to sign in and to wear a visitor's badge while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. Before leaving the building, visitor passes are to be returned to the office. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district. Students from other schools or other friends of Maple Lake students will only be allowed to visit if a Maple Lake student is responsible for them. The student who accepts this responsibility will be accountable for all consequences of the visiting student's behavior.

WALKERS

Students walking to school rather than riding the bus should cross the highway at an approved crosswalk.

WELLNESS

All school districts that receive funding through the federal school lunch program are required to have a “Wellness Policy” in place. The policy includes nutrition guidelines, goals for nutrition education, and physical activity to promote student wellness. The Maple Lake Public School Wellness Policy is located on our website at www.maplelake.k12.mn.us. We ask parental support to provide healthy diets for children.

SCHOOL BOARD POLICIES GOVERNING JUNIOR-SENIOR HIGH SCHOOL STUDENT BEHAVIOR

STUDENT DISCIPLINE

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. The purpose of this policy is to ensure that students are aware of and comply with the school district’s expectations for student conduct. The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. All students are entitled to learn and develop in a setting which promotes respect of self, others and property. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities. Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. It is the position of the school district that a fair and equitable district-wide student discipline policy will contribute to the quality of the student’s educational experience. This policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. 127.26 through 127.39. Disciplinary action may be taken against students for any behavior which is disruptive of good order or which violates the rights of others.

It is the responsibility of the school board, administrators, and teachers to safeguard the health and safety of each student. The school board and administrators will support school personnel, who in dealing with students on disciplinary matters, act in accordance with state law and this policy.

A student who finds a weapon on the way to school or in the school building and takes the weapon immediately to the principal's office shall not be considered in possession of a weapon.

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or carrying or using activated electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related devices, or electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. Smoking, chewing, or use of tobacco in any other form including the use of e-cigarettes or vaping devices at school, or on a school bus, on school property, or at a school sponsored activity is prohibited and shall be considered grounds for suspension, exclusion or expulsion. Furthermore, having tobacco or tobacco paraphernalia on one's person or in one's possession is considered to be a prohibited substance for students in school buildings, on school grounds, and at public school events wherever they are held.

The building administrator will make a recommendation to the Superintendent that the student be expelled from school not to exceed one calendar year. During the time required for the expulsion process, the student will be provided with homebound or some alternative form of instruction. The recommendation to expel will be forwarded by the Superintendent to the School Board unless an alternative plan is worked out. That is, the Superintendent, or designee, will offer to meet with the student and parent in a conference to determine whether to proceed with expulsion or by mutual agreement to implement an alternative educational program.

TRANSPORTATION TO EXTRA-CURRICULAR ACTIVITIES

UNOFFICIAL SKIP DAY

If a student is involved in an unofficial skip day, he/she will receive two additional days suspension from classes and/or additional consequences at the discretion of the High School Principal. According to our school policy, if a student has six absences from a class, that class is failed for the quarter.

Extenuating circumstances presented at a parent conference may be given consideration by a review committee; however, the policy also states "In no case will a student with an unexcused absence or truancy be granted an extension to the absentee limit. "This would mean that any student involved in an unofficial skip day would have two remaining days for the rest of the quarter in which they could be absent without failing that class. Absences incurred while a student is on homebound instruction do not count toward the six absences which lead to class failure. Students absent due to extended injury, illness, or pregnancy may upon parent or guardian request be placed on homebound instruction.

- D. Upon completion of an investigation that determines hazing has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; and applicable school district policies and regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets or victims of hazing and the parent(s) or guardian(s) of alleged perpetrators

of hazing who have been involved in a reported and confirmed hazing incident of the remedial or disciplinary action taken, to the extent permitted by law.

- F. In order to prevent or to respond to hazing committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in hazing.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged hazing, who provides information about hazing, who testifies, assists, or participates in an investigation of alleged hazing, or who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct.

VII. DISSEMINATION OF POLICY

- A. This policy shall appear in each school's student handbook and in each school's building and staff handbooks.
- B. The school district will develop a method of discussing this policy with students and employees.

BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
1. on the school premises, at the school functions or activities, on the school transportation;
 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.
- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
- C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. This policy also applies to sexual exploitation.
- D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.
- Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Article II.A above is prohibited.
- E. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

- G. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- H. False accusations or reports of bullying against another student are prohibited.
- I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.
- J. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:

1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term "bullying" specifically includes cyberbullying, malicious and sadistic conduct, and sexual exploitation.

- B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:
 1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;
 2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. "Malicious and sadistic conduct" means creating a hostile learning environment by acting with the intent to cause harm by intentionally injuring another without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty.
- F. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school

property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

- G. "Prohibited conduct" means bullying, cyberbullying, malicious and sadistic conduct, sexual exploitation, or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about prohibited conduct.
- H. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- I. "Student" means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to

the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three school days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently

severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.

- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school

rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

- B. The school district shall require ongoing professional development, consistent with Minnesota Statutes section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
 - 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 - 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 - 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 - 4. The incidence and nature of cyberbullying; and
 - 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. Article II, paragraph D. regarding malicious and sadistic conduct must be conspicuously posted throughout each school building.
- C. This policy must be distributed to each school district or school employee and independent contractor at the time of hiring or contracting.
- D. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy (See MSBA/MASA Model Policy 506) distributed to parents at the beginning of each school year.

- E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.
- F. Each school must develop a process for discussing this policy with students, parents of students, independent contractors, and school employees.
- G. The school district shall provide an electronic copy of its most recently amended policy to the Minnesota Commissioner of Education.

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minnesota Statutes, sections 121A.031 and 121A.0312 and other applicable law. Revisions shall be made in consultation with students, parents, and community organizations.

Statewide Assessments: Parent/Guardian Participation Guide and Refusal Information

Your student's participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

Assessments Connect to Standards

Statewide assessments are based on the [Minnesota Academic Standards](#) or the [WIDA English Language Development Standards](#). These standards define the knowledge and skills students should be learning in K–12 public and charter schools. Minnesota prioritizes high-quality education, and statewide assessments gives educators and leaders an opportunity to evaluate student and school success.

Minnesota Comprehensive Assessments (MCA) and Minnesota Test of Academic Skills (MTAS)

MCA and MTAS are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

ACCESS and Alternate ACCESS for English Learners

The ACCESS and Alternate ACCESS are the annual assessments for English learners that provide information about their progress in learning academic English based on the WIDA English Language Development Standards.

Statewide Assessments Help Families and Students

Participating in statewide assessments helps families see a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results:

- For course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.
- For Postsecondary Enrollment Options (PSEO) and College in the Schools programs.

English learners who take the ACCESS or Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs.

Taking Statewide Assessments Helps Your Student's School

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions about how to use money and resources to support all students.

Student Participation in Statewide Assessments

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form. Contact your student's school to learn more about locally required assessments.

Consequences of Not Participating in Statewide Assessments

- The student will not receive an individual score. For ACCESS and Alternate ACCESS, the student would not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not participate, school and district accountability results are impacted. This may affect the school's ability to be identified for support or recognized for success.

Check with your local school or district to see if there are any other consequences for not participating.

Additional Information

- On average, students spend less than 1 percent of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the beginning of each school year. Refer to your district or charter school's website for more information on assessments.

(Note: This form is only applicable for the 20__ to 20__ school year.)

Statewide Assessment: Parent/Guardian Decision Not to Participate

By completing this form, you are acknowledging that your student will not participate in statewide assessments and will not receive individual assessment results. This form must be returned to your student's school before the applicable test administration.
