

North Ogden Jr. High School

575 E. 2900 N. Ogden UT, 84414

801-452-4800

Principal: Nichole Warren-Doman

Assistant Principal: Niels Hansen

To the Awards Selection Committee,

It is a distinct honor to nominate Martha (Ms. Marty) Roskelley, for the Weber School District, Educational Support Staff Employee of the Year award. After forty-one years of exemplary service, Ms. Marty will be retiring. Throughout her remarkable tenure at North Ogden Junior High, Ms. Marty has transitioned through numerous roles, ranging from food services to student support and ultimately to head administrative assistant, granting her an unparalleled perspective on our school's operations. She is, in every sense, the heart and soul of this institution, serving as a pillar of stability and the holder of the collective history of North Ogden Jr. High.

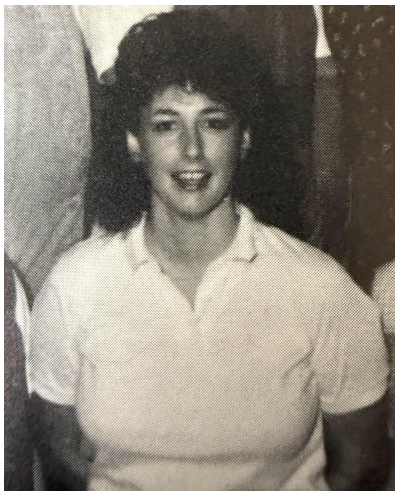

Ms. Marty possesses a rare ability to balance rigorous professional standards with genuine compassion. She manages the complexities of the front office with precision, ensuring our school is in compliance with all district policies. Her leadership is defined by her talent for delegating effectively, communicating needs with clarity, and serving as a protective steward of the school's integrity. Ms. Marty consistently educates students, parents, and faculty on the requirements and policies that keep our environment safe and functional.

Ms. Marty's work ethic is truly foundational to our daily success. As the first to arrive and often the last to leave, Ms. Marty's commitment to excellence ensures that every task is completed accurately and in a timely manner. Ms. Marty works quietly, never seeking attention or recognition, and her contributions can occasionally be overlooked, however, she is the life-blood of North Ogden Junior High. She has earned the unwavering trust of the faculty and the deep affection of the community. Ms. Marty goes above and beyond to ensure the administration, office staff, faculty, students, parents and community members are always supported and prepared to meet the needs, whatever those needs may be.

As Ms. Marty enters retirement, the loss of her experience, expertise, and supportive presence will be felt by everyone who walks through our doors. She is quite simply irreplaceable. There is no individual more deserving of this recognition than Marty Roskelley whose career stands as a testament to dedicated, selfless service.

Sincerely,
Nichole Warren-Doman
Nichole Warren-Doman Principal, North Ogden Jr. High School.

Below are some thoughts shared by the North Ogden Jr. High Faculty and staff:

Marty is the best because she cares for everyone at the school, students and staff alike. She's always looking out for everyone like the mom of the school. Marty is the best!

- Justin Sheets, PE & Spanish Teacher

I would like to nominate Marty for the District Employee of the Year. To me, Marty is truly the center of our school and a model staff member. Teachers, students, administrators, and staff all rely on her every day. Whenever I have a question or need help with anything, she is always the first person I think of. No matter how busy things get, Marty is consistently patient, kind, and ready to help. I strongly recommend her for this recognition—she truly deserves the honor of Employee of the Year.

-Jingfu Lu, Chinese DLI Teacher

From my first year at NOJH, Marty has taken care of me. That first year was especially rough for me, but I came each day knowing that I had Marty to support and encourage me. She never stopped supporting me, even fifteen years later. My kids call her "Grandma Marty" and love it when they can visit the school, not for me, but for her. I am but one small story in her legacy of love at NOJH. I will dearly miss Marty, but no one deserves retirement more. Even more so, she deserves to be recognized for her contributions to so many. She's given forty-one years of committed work and devotion to this school and to the thousands of people; students, teachers, and administrators, who have passed through its halls.

-Ben Simmons, English Teacher

Marty is such a fun, kind and amazing person, she is always willing and ready to jump in and solve any problem that is placed in front of her. Her compassion towards staff and students is done with such grace and dignity. Marty is loved by many, including myself.

-Laura Heininger, Special Education Support Professional

Marty's dedication to our school transcends her job description. She treats our campus not merely as a workplace, but as a second home—and she treats every student and staff member like family. Whether she is anticipating a need before it's even voiced or going above and beyond her daily responsibilities, Marty's 'person-first' approach ensures that our entire community feels supported and seen. She is the backbone of our school, always willing to lend a hand with a level of care that is truly rare.

-Abigail Lane, Science Teacher

Marty cares about doing the best job possible and it shows in the way she responds to the needs of others.

-Rebecca Holley, Special Education Teacher

Marty Roskelley has been a steady and caring presence in our school, always willing to help and support those around her. As she prepares to retire, honoring her as Classified Employee of the Year would be a wonderful way to recognize the lasting impact she has had on our students, staff, and community. 41 years of service is no small feat. She is more than deserving.

-Robyn Barker, PE Teacher

Miss Marty is the best. She has been the glue that holds this place together for years. She always has gone to great lengths to make sure we as teachers have what we need to do our jobs. Staples, paper clips, last minute photocopies, supplies. You name it, she can help you get it. She will be missed.

-Daloy Harris, Science Teacher

Marty says things like "Good morning sunshine" that make you start the day of feeling fantastic. Marty puts in more hours for her job than anyone! She is always here early and always stays late making sure EVERYTHING gets done. One of my favorite memories of Marty is coming early one morning, 6:30 AM, and the power was out, but we hadn't been told it was out yet. As I came into my room I saw a tiny light... It was Marty with a little Flashlight getting the breakfast set up for the staff meeting. She was determined to have everything ready to go for the breakfast, food was on its way and she was getting tablecloths on by herself to make sure our breakfast would still be served not only on time but displayed beautifully and all with only a flashlight. Marty is the heart of NOHJ and all its traditions. She has been the key to keeping everything running smoothly here at NOJH for so many years! . She is ALWAYS here early, and ALWAYS way past

her contract hours and often has to leave so they can close the school down. She has on several occasions had to come in when the rest of us are off to meet the deadlines. She is the most deserving employee Weber School District has ever had nominated for this award!!!! We will ALL miss her so dearly! Marty is the BEST!

-Janet Weaver, CTE Teacher

Marty is the most caring person on the planet. I have had the honor of working with Marty for the past 32 years. I have watched her dedication to each position she has held. Putting in extra time, creativity, and surpassing all requirements of each. Her love for each staff member and each student is apparent. Marty is so talented and dedicated to being the best she can be.

-Susan Jorgenson, CTE Teacher

Marty is detailed, knowledgeable and so reliable.

-Adriana Moore, CTE Teacher

Since the first day coming to North Ogden Junior High Mrs. Marty has been extremely helpful, kind and accepting. She is so versatile and knows everything about the school and how to keep it running. She has become an integral part of all the NOJH is. She is a Knight in shining armor!

Kevin Stuart, German Teacher

Marty is the heart and soul of our school. Her calm, loving presence lets everyone know that everything will work out and be alright in the end. Marty takes care of everyone and I mean everyone and she does it with a smile. We rely on Marty and her presence will be missed!

-Lisa Howell, Math Teacher

Marty is the first person here and the last person to go home. She works tirelessly and endlessly to not only do her job, but provide extra acts of kindness and appreciation to the staff. She is strong, she is fierce, she is hard working, she is Ms. Marty. She 1000% percent deserved to be WSD classified staff of the year.

Kristen Parks, Art Teacher

I love her so much! She is the sweetest and most supportive person I have worked with!

-Keindrick Willis, Math Teacher

Marty will drop anything that she is doing just to help me, the new teacher, with all of my stupid questions and she never makes me feel bad when I don't know something, and always checks to make sure I have all the information and helps me to do everything right. Marty ALWAYS helps me with a smile and asks me how I am doing. Marty is the best and I am insanely appreciative of her.

-Christian Manley, Band Teacher

I adore Marty! She has always left me feeling so seen and loved. She's a rockstar at keeping the school running and organized. She's always happy to help me, and is patient when I have human moments. Her loving presence will surely be missed. Thank you Marty, love you!

-Sadie Avner, Counselor

Marty not only runs the school like a well oiled machine, but she also is incredibly thoughtful. There have been countless times where she has left my favorite candy in my box just to brighten my day.

-Annie Bailey, CTE Teacher

Marty is the heart of NOJH and all the good that Weber School District stands for! The positive effects of her tireless efforts can be seen in every aspect of this school. From the way Ms. Marty creates a safe space for students and teachers to be in, to the way everyday business runs smoothly, to the way she does a lot of heavy lifting to lighten the load of all other staff, and so much more behind the scenes than any of us will ever know. It is no wonder Ms. Marty is known across the district for her invaluable work and love.

-Addison Lane, Science Teacher

I can't say enough good things about Miss Marty. She is one of the most selfless people I've ever worked with. Whether it's sharing her amazing first aid knowledge during a crisis or simply stepping in to help with a heavy workload, she always makes time for others. She has been my go-to person for 18 years and has always been my constant support system. Marty is a total rock star, and I'm going to miss her presence in the office every day!

-Amanda Dahl, Science Teacher

Mrs. Marty has been such an amazing member of the North Ogden Jr High Staff for over 40 years. Marty cares for everyone she comes in contact with. Marty thinks of everyone as family and treats you that way as well. I can think of many instances where she knew I needed something extra and would go out of her way to bring me a treat or make sure we all are taken care of. Marty has a big heart and loves all she comes in contact with. Something I have noticed about Marty over the past years is that she will drop everything to help you. I love how she gives me ideas and will brainstorm with me even when she is so busy with her duties. Thank you Marty, you are so amazing.

-Jackie Muno, Counselor

Marty keeps the school running smoothly by organizing countless details behind the scenes. She supports both teachers and students every day with kindness and reliability. Her dedication and willingness to help make Marty the best school secretary anyone could ask for!

-Abigal Fromm, Art Teacher

Marty works harder than anyone in this school! She gives 110% every day!

-Doug Parker, Math Teacher

Marty does the little things that sometimes go unnoticed. She makes sure there is candy in my jar, leaves reminder notes to keep us on track, handles the tough conversations when necessary, and so much more. She quietly contributes and makes this school feel a little more like home.

-Niels Hansen, Assistant Principal
