 Subject: Middle School Uniforms Proposal
 To: Keith Yaich <k.yaich@brushschools.org>, Marsha Cody <m.cody@brushschools.org>
 Cc: Bradley Bass <bradley.bass@brushschools.org>, April Garrett <a.garrett@brushschools.org>

Good Afternoon,

I have attached the proposal/quote for new Middle School Uniforms to be presented at the March 16, 2026 Board Meeting for approval of the Foundation Funds (\$32,681) that were granted to us to outfit all of our Middle School Teams. After gathering all of the data from our Middle School Coaches and putting all of the exact sizes and quantities together; I sent that information to six vendors that specialize in uniform production. Five of those six returned proposals ranging from \$26,000 - \$33,000 total. After reviewing each proposal and each company's production factors I have chosen Rally Apparel Co-Op and their proposal (which is attached). Their total bid is for \$26,078 which includes S/H cost.

Reasonings for going with this company:

- Their bid was one of the lowest in cost for quality products.
- The owner has owned the manufacturing facility for 33 years and came from a teaching and coaching background. The reason she started the company is that most of the vendors her school worked with didn't really have much control of uniforms because they didn't work for the actual company that produced them (when the sales person passed information along, it was only what they were being told rather than actually knowing).
- The company is a locally, family owned company in Georgia, utilizing all materials from Georgia and South Carolina. All of their products are made at their facility/warehouse in Sandersville, GA with materials sourced from within the United States. Nothing is being shipped in and we are not waiting on materials to arrive from somewhere else.
- If we need one jersey or item in the future, we can order just one item, no need to order a whole new set.
- The sublimation process uses 100% Cotton from Georgia, South Carolina, and North Carolina.

- They will work with us on all of the designs and production with no extra cost.
- They are adding a Coaches Apparel item for two coaches per team at no additional cost.

Please do not hesitate to let me know if there is anything further you need. I look forward to getting started on the production process and seeing our student-athletes proudly wearing their new uniforms next year. Thanks!

All uniforms will be produced using the sublimation process. All garments are produced in our factory in Sandersville Georgia. Rally Apparel Co-op is a manufacturer of all types and styles of athletic uniforms producing products proudly Made in the USA.

Plan 3-4 weeks for production once artwork has been approved.

The client can take an active role in the design process, with the help of our art team. Above pricing includes artwork and any set-up fees.

Shipping is quoted above per sport.

All products requiring a number or logo will be placed on each garment according to the NFHS unless otherwise directed differently.

Every sport will receive complimentary coaches apparel(polo, jersey, or jacket) per sport with school logo.

Client will be responsible for communicating the required delivery dates per sport with a minimum of 3-4 weeks prior to season beginning.
