

To whom it may concern-

I, Daniel Marod, formally submit my letter of resignation to Foley Public Schools as a high school biology teacher effective the end of the 2025-2026 school year. I am incredibly grateful for the time and opportunity I've had to work in this district. I feel honored and privileged to have worked as a teacher in this community.

In my departure, I will do my best to ensure a smooth transition for both students and the next teacher.

Thank you again for supporting me as a member of this district.

Sincerely,
Dan Marod
