

Athletic Department Update
July 27, 2026

As we prepare for the start of a new school year, we are excited to begin another season of Bobcat Athletics! We are now less than a month away from welcoming our student-athletes back, and we couldn't be more excited about the opportunities ahead.

This summer has been outstanding, with tremendous attendance and participation from our student-athletes under the leadership of our coaching staff and strength and conditioning department. Their commitment and hard work have set a strong foundation for the upcoming year. We are also fortunate to have experienced very little staff turnover, allowing us to maintain continuity and build upon the culture we have established.

I would like to personally invite you to join us for lunch on **Wednesday, August 6**, during our annual Coaches Professional Development Day.

Throughout the day, our coaching staff will participate in training on a variety of important topics, including:

- UIL heat and weather protocols
- Appropriate communication between adult professionals and students
- Emergency Action Plans (EAPs)
- Student safety and risk management
- Athletic department expectations and procedures

Lunch will begin at **12:00 p.m.** and will be informal, providing a great opportunity to meet our coaching staff, visit with one another, and see firsthand the people who invest daily in our student-athletes.

We appreciate your continued support of Bobcat Athletics and hope you will be able to join us as we kick off another exciting year.

Go Bobcats!
