Yes, unfortunately I am not able too. I'm super sad. But I cannot wait to be able to come and watch them.

Carrie,

We hired a new head coach for volleyball. Whenever we hire a new head coach for any program, they are involved in the process of hiring their assistant. It was unfortunate that you had to withdraw your application for the head coaching position due to your work schedule changing, but I also wanted to confirm that you are unavailable to be an assistant coach. If this is the case then please respond that you are unavailable so we can post the position for a new assistant coach.
