MEMORANDUM

To: Members of the Board of Trustees
From: Dr. Blanca Cruz, Associate Superintendent, and Ms. Sandra Sanchez, CTE Administrator
Subject: Consider and possible Board action to approve Memorandum of Understanding with Sul Ross State University regarding Dual Credit Academic Agreement
Date: June 10, 2026

HISTORY: This Dual Credit Academic Agreement between San Elizario Independent School District (SEISD) and Sul Ross State University (SRSU) creates an opportunity for our high school students to earn both high school and college credit at the same time. Participation in the Dual Credit Program will require students to complete the required SRSU placement assessments and/or submit SRSU-approved test scores in math, reading, and writing, along with any course-specific placement requirements and prerequisites. These steps ensure students are well prepared and set up for success in their college-level coursework. This collaboration also expands opportunities within Career and Technical Education (CTE) by allowing students to explore additional career pathways. Together, we are working to strengthen the connection between secondary and post-secondary education and create a smoother transition for our students as they pursue their academic and career goals. Specific pathways will be determined and, once finalized, presented to the board for approval. San Elizario High School, in collaboration with CTE, will provide all required college textbooks and instructional materials to support student success.

RATIONALE: The purpose of the Agreement is to foster a partnership between SEISD and SRSU. This collaboration will expand opportunities for our students to earn dual credit in both academic and Career and Technical Education pathways, while strengthening the connection between secondary and post-secondary education.

BUDGET IMPACT: There is no budget impact on this item.

ADMINISTRATIVE RECOMMENDATION: The administrative recommendation is for the Board to approve the agreement so that our students in San Elizario ISD can have another opportunity to explore career pathways and earn college credit.

For Approval Yes No

If not, please check one: Presentation Report Information

Please check if applicable: Attachment Included

The mission of the San Elizario Independent School District is to graduate students with innovative skills for 21st-century careers by focusing on academic and social skills, fostering transformative practices, and building community support through positive relationships between home and school.
