

Dixon High School

April 2026

LIGHTS, CAMERA, MATILDA

Just like its quirky storyline, this year's Spring Musical has seen its fair share of oddities. This year, students have been hard at work constructing, memorizing, and rehearsing their adaptation of the show Matilda. The musical focuses on a unique and intelligent girl who attends a school academy run by an unfriendly and eccentric headmistress.

As they say, even the best-laid plans can go awry, and the musical was no exception. Due to cold and flu season, the cast was hit hard and unfortunately needed to reschedule their performances to mid-April.

Be sure to check out the show on April 17th, 18th, or 19th!

CAREER FAIR

On the March half-day, Dixon High School hosted its third consecutive Career Fair in Lancaster Gym. This unique opportunity allowed students to attend the fair and interact with local businesses to discuss future employment, desired skills, and various career fields. Overall, students enjoyed the fair and the valuable opportunities it provided.
