RE: License Agreement Request by ETT, LLC for 0.061 acres of Flour Bluff Park Lots 1 through 5 Block 16; 901 McIver

Dear Madam/Sir:

On November 3, 2014 Nueces County became the trustee for the above-referenced property as a result of a tax foreclosure sale. Electric Transmission Texas, LLC has approached Nueces County seeking a Temporary Work Space License Agreement for use as a temporary construction work space in connection with their initial construction of an underground electric transmission line that will extend from Electric Transmission Texas' Barney Davis Substation to AEP's Naval Base Substation. Attached please find the proposed Temporary Work Space License Agreement. They have offered consideration of \$1,830.00 based upon a market study they obtained. This amount would be divided among the taxing entities as set out in attached worksheet labeled "Analysis of Offer."

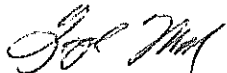

This letter is being forwarded to you as a taxing entity for whom Nueces County is holding this property in trust. In order for Nueces County as trustee to grant this License Agreement your approval through your governing body of this License Agreement is requested. A Right of Entry to perform survey work on the above-referenced property was previously granted by each of the taxing units.

Upon receipt of approval by all the taxing entities Nueces County will move forward with approving and executing this License Agreement.

If your governing body is in agreement with granting this License Agreement please have an authorized individual sign below and return to this office.

Your consideration and prompt response is appreciated.

Sincerely,

Samuel Loyd Neal, Jr.
Nueces County Judge

AGREED:
