## **SY 25-26 Wrap-up**

We ended the year with our first staff celebration, where many staff from both programs came together in-person and online to celebrate each other. With smiles, hugs, applause, and even tears, we enjoyed celebrating each other's accomplishments.

Though our school year has ended, the work has not. Those with summer hours are busy doing interviews, learning our new SIS (Infinite Campus), attending professional development, and preparing for SY 26-27.

## **Community Support/Engagement**

Marketing campaigns for enrolment and hiring are running on Facebook and LinkedIn. We also have some more ideas in the works that include partnering with local restaurants to spread the word about CCS.

PTO Garage Sale is already looking great! They are collecting donations through June 28th. The sale dates are: July 1st, 5:00-7:00, July 2nd, 8:00 am - 5:00 pm, and July 3rd, 8:00 am - 1:00 pm.

## **Summer Kids Care**

Our first year of summer Kids Care kicked off on June 1st. Both staff and students are enjoying this less structured time with a lot of time outside and adventures around town. Parents are enjoying the new convenient option to have kids with people they know in a place they feel comfortable. With 30 kids enrolled and an average of 15 attending per day, I say it's a big success!
