MEMORANDUM

To: Superintendent of Schools

From: Allyson Story, Principal, New Fairfield Elementary School

Date: June 18, 2026

Subject: PTO Donation for Playground Improvements

I am pleased to share that the New Fairfield Elementary School PTO has committed to funding playground enhancements at New Fairfield Elementary School at a cost not to exceed **\$20,000**.

The project donation includes the painting of activity areas on the blacktop and the installation of additional lower basketball hoops to the existing basketball poles to increase accessibility and provide additional opportunities for all students to participate in playground activities. The PTO will be contracting directly with and paying the vendor for the work.

The improvements are scheduled to be completed during the summer months and will be ready for students at the start of the 2026–2027 school year.

We are grateful for the continued partnership and support of our PTO. Their commitment to enhancing the educational experience for our students is greatly appreciated.

Please see the attached proposal and estimate for your review.
